

Motiwala Education & Welfare Trusts,
Motiwala Homoeopathic Medical College & Hospital, Nashik
II BHMS (2015) Assessment of Online Learning July 2021

Date: 12/07/2021

Sub: Pathology

Time: 10.30 to 1.30

Marks : 100

Q.1] Write Appropriate Answers. (Any 10) ----- 2X10=20

- a) Hemorrhage
- b) Epididymitis
- c) Thrombocytopenia
- d) Disinfection
- e) Name common name of Dracunculus medinensis
- f) Name 4 chemical mediators of inflammation
- g) Pyrexia
- h) Host
- i) Hydrothorax
- j) Hypertrophy
- k) 2 Gram positive and Gram negative bacteria
- m) Define Oedema
- l) Culture media
- o) Immunity
- n) Tumors

Q.2] Write Short Answers (Any 4)-----5X4=20

- a) Fibroadenoma
- b) Peptic ulcer
- c) Ischemic heart disease
- d) Tuberculosis
- e) Disinfection & Sterilisation
- f) Life cycle of Taenia saginata.

Q.3] Write Short Answers (Any 4)-----5X4=20

- a) Liver Function test
- b) Necrosis
- c) Embolism
- d) lab investigation for plasmodium
- e) Ulcerative colitis
- f) Ancylostoma Duodenale

Q.4] Write Long Answers. (Any 2)-----10X2=20

- a) Culture Method
- b) Enumerate Pathogenesis: Laboratory Diagnosis of Trichuria trichuris
- c) Vibrio cholera
- d) Giardiasis

Q.5] Long Answer Questions ----- =20

Enumerate Morphology, Cultural characteristics: Biochemical reactions;
Classification & Pathogenicity of Staphylococcus

Q.6] Define Thrombosis, pathogenesis & fate.

Q.7] Nephrotic syndrome aetiology, pathogenesis, clinical features, lab diagnosis

XX

Date: 10/02/2020

Sub: Pathology

Time: 10.30 to 1.30 P.M.

Marks : 100

2X10=20

Q.1] Write Appropriate Answers. (Any 10) -----

- a) Disinfection
- b) Neoplasia
- c) Otitis media
- d) ESR .
- e) Define pneumonia
- f) Haemorrhage
- g) Pyrexia
- h) 4 chemical mediators of acute inflammation
- i) Sterilisation
- j) Necrosis
- k) Degenration
- l) what is encystation
- m) Bronchitis
- n) Infarction
- o) Define Host

Q.2] Write Short Answers (Any 4)----- 5X4=20

- a) Classification of Parasites
- b) Gastric and duodenal ulcers
- c) Difference between bacillary and Amoebic Dysentery
- d) Staphylococcus
- e) Disinfection & Sterilisation
- f) Life cycle of Trypanosoma Cruzi

Q.3] Write Short Answers (Any 4)-----5X4=20

- a) Chronic Gastritis
- b) Necrosis
- c) Thrombosis
- d) lab investigation for plasmodium
- e) Nephrotic Syndrome
- f) Dengue virus

Q.4] Write Long Answers. (Any 2)-----10X2=20

- a) Culture media
- b) Enumerate Pathogenesis; Laboratory Diagnosis of Toxoplasmosis
- c) Amebiasis
- d) Giardia lamblia

Q.5] Long Answer Questions ----- =20

Enumerate Morphology, Cultural characteristics; Biochemical reactions; Classification & Pathogenicity of Streptococcus

Q.6] Define shock, types, pathogenesis & clinical features.

Q.7] Acute kidney injury aetiology, pathogenesis, clinical features, lab diagnosis.

Date: 01/07/2019	Sub: Pathology	Time: 10.30 TO 1.30 PM	Marks : 100
------------------	----------------	------------------------	-------------

2X10=20

Q.1] Write Appropriate Answers. (Any 10)

- a) Define Amyloidosis
- b) Define Edema
- c) Hyaline Degeneration
- d) Thrombocytopenia .
- e) Necrosis
- f) Define parasite
- g) Anaemia
- h) Gangrene
- i) Jaundice
- j) Degeneration
- k) N.N.N. Media
- l) Hyperplasia
- m) Name four Nematodes
- n) Name 6 virus
- o) Tricomonas vaginalis

5X4=20

Q.2] Write Short Answers (Any 4)

- a) Filariasis
- c) Difference between Acute and Chronic Inflammation
- e) Difference between Endotoxin & Exotoxin .

- b) Classification of parasites.
- d) s. mansoni
- f) chronic pancreatitis

5X4=20

Q.3] Write Short Answers (Any 4)

- a) Duodenal Ulcer.
- c) Haemogram
- e) Fibroadenoma

- b) LFT
- d) Embolism
- f) General properties of viruses.

10X2=20

Q.4] Write Long Answers. (Any 2)

- a) Meningitis
- c) Enumerate Pathogenesis; Laboratory Diagnosis of Ascariasis
- e) Examinations of Blood for Parasites
- g) Amoebiasis

1X20=20

Q.5] Long Answer Questions. (Any one from Q.5, Q.6 or Q.7)

Enumerate Leukaemia in detail

Q.6] Long Answer Questions.

Describe Oedema , its types , aetiology, pathogenesis in detail.

Q.7] Long Answer Questions.

Define Cirrhosis, types , pathophysiology, pathogenesis and complication.

ALL THE BEST

Date: 16/07/2018

Sub: Pathology

Time: 10.30 TO 01.30

Marks : 100

2X10=20

1] Write Appropriate Answers. (Any 10)

- Atrophy
- Hyperaemia
- Hyline Degeneration
- Ischemia
- Inflammation
- steatosis
- sterilisation
- Disinfection
- emphysema
- Metaplasia
- Types of stains
- Hyperplasia
- Shock
- Thrombosis
- Gangrene

5X4=20

2] Write Short Answers (Any 4)

- Schick test
- Difference between Acute and Chronic Inflammation
- Difference between Endotoxin & Exotoxin .

- b) Agents used in sterilisation
- d) Gram Negative bacteria s
- f) Life cycle of Trypanosoma Cruzi

5X4=20

3] Write Short Answers (Any 4)

- Haemorrhage
- Hyperaemia
- Acid fast stain .

- b) Pathogenesis of Chronic Bronchitis
- d) pathological calcification
- f) General properties of viruses.

10X2=20

4] Write Long Answers. (Any 2)

- Enumerate Morphology; Cultural characteristics; Biochemical reactions; Classification & Pathogenicity of Corneybacterium .diphtheerie
- Enumerate Pathogenesis; Laboratory Diagnosis of Mycobacteriam Tuberculosis
- Investigation for Giardia lamblia
- Amoebiasis

Long Answer Questions. (Any one from Q.5, Q.6 or Q.7)

- Cell Injury
- Cultural Medias

- b) Pathogenesis of Lobar Pneumonia
- d) HIV

1X20=20

Long Answer Questions.

- Healing & repair
- Streptococcus
- Asthma & Bronchiactasis
- Pathogenicity of staphylococcus

Long Answer Questions.

- Kochs Postulates
- Trichomonus vaginalis
- Neisessria ; Morphology cultural characteristics, Bio chemical reaction , Classification
- Carcinoma of Lungs

ALL THE BEST

II BHMS Terminal Internal Assessment Examination Appearing May-June 2017

Date: 13/02/2017

Sub: Pathology

Time: 9.30 to 12.30 P.M.

Marks : 100

2X10=20

1] **Write Appropriate Answers. (Any 10)**

- Define Necrosis.
- Define Neoplasia.
- Define Degeneration.
- Shock define
- Thrombosis
- Chronic Bronchitis
- Define Disinfectant
- Define Host
- Define Hperbilirubenimia.
- Commensalism
- N.N.N. Media.
- Define Nephrotic syndrome
- Empysema .
- Infarction
- Chemical Mediator

5X4=20

2] **Write short answers (Any 4)**

- Cultural media .
- Pyrexia
- Difference between Endotoxin and Exotoxin .
- Classification of Gram positive and Gram negative bacteria.
- Methods of Sterilization
- lab diagnosis of Trypanosoma bruzei.

5X4=20

3] **Write short answers (Any 4)**

- Gangrene
- Pathogenesis of viral Hepatitis B infection.
- Pathological Stages of Pneumonia
- Embolism.
- Gram staining
- Amoebic Liver Abscess.

10X2=20

4] **Write Long Answers. (Any 2)**

- Enumerate Morphology; Cultural characteristics; Biochemical reactions; Classification & Pathogenicity Corynebacterium Diptheria
- Enumerate Pathogenesis of Streptococci
- Life cycle & Pathogenesis of Cryptosporidium parvum.
- Life cycle & Pathogenesis of Entamoeba Histolytica.

5] **Long answer questions (Any one from Q.5, Q.6 or Q.7)**

1X20=20

- Pathogenesis of Inflammation b) Caseous Necrosis.
- Cultural Method . d) Life Cycle & Pathogenicity of Giardia lamblia

6] **Long Answer Questions**

- Healing b) Morphology & cultural Characteristic of E.Coli
- Liver Function test
- Nephritis Aetiopathogenesis

7] **Long Answer Questions.**

- Pathogenicity of Salmonella Typhi
- Micro & Gross changes in Acute Hepatitis .
- Vibrio Cholera ; Morphology cultural characteristics.
- Renal Function test

TBHMS 2nd Terminal Internal Assessment Examination Appearing Nov-Dec'2015
MUHS Examination [June'2015]

Date: 22/06/2014 Sub: Pathology Time: 9.30 to 12.30 P.M. Marks : 100

2X10=20

WRITE SHORT ANSWER (ANY 10)

- DEFINE OEDEMA
- PNEUMONIA
- INFECTION
- TYPES OF THROMOSIS
- HAEMORRAGE
- STERILISATION
- ACID FAST STAIN
- IMMUNITY
- DEFINE DEGENERATION
- ESR

4X5=20

WRITE SHORT ANSWER (ANY 4)

- KOCH'S POSTULATE
- EMBOLISM
- URINE EXAMINATION
- LIVER FUNCTION TEST
- FIBROADENOMA
- CULTURE MEDIAS

4X5=20

WRITE SHORT ANSWER (ANY 4)

- WILM'S TUMOUR
- ASTHMA
- EMPHYSEMA
- NEPHRITIC SYNDROME
- SHOCK
- FATTY DEGENERATION

2X10=20

WRITE LONG ANSWERS (ANY 2)

- ENUMERATE PATHOGENESIS, LAB DIAGNOSIS OF ENTAMOEBA HISTOLYTICA
- LIFE CYCLE AND PATHOGENESIS OF TAENIA SAGINATA
- LIFE CYCLE AND PATHOGENESIS OF TAENIA SOLIUM
- ENUMERATE PATHOGENESIS, LAB DIAGNOSIS OF ECCHINOCOCUS GRANULOSUS

1X20=20

LONG ANSWERS (ANY ONE)

- A) CHEMICAL MEDIATORS OF INFLAMMATION
- B) DISINFECTANTS
- C) HEALING AND REPAIR
- D) GRAM STAINING

- A) CASEOUS NECROSIS
- B) GLOMERULAR NEPHRITIS
- C) HYPERSENSITIVITY
- D) INFLAMMATION

- A) NEPHROTIC SYNDROME
- B) COPD
- C) URINARY CALCULI
- D) LOBAR PNEUMONIA

II BHMS (2015) Assessment of Online Learning July 2021

Date: 13/07/2021	Sub: FMT	Time: 10.30 to 1.30 P.M.	Marks:]
------------------	----------	--------------------------	----------

Instructions:

- 1) Use **blue/black** ball point pen only.
- 2) **Do not** write anything on the blank portion of the question paper.
If written anything, such type of act will be considered as an attempt to resort to unfair means.
- 3) All questions are **Compulsory**.
- 4) The number to the **right** indicates **full** marks.
- 5) Draw diagrams **wherever** necessary.
- 6) Distribution of Syllabus in Question Paper is only meant to cover entire Syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. As it is only for the placement sake, the distribution has been done.
- 7) Use Common answerbook for **all** Section

1. Write Appropriate Answers. (Any ten out of fifteen)

[10×2=20]

- a) Define forensic pathology.
- b) Tardue spots.
- c) Corpus Delicti.
- d) Oral consent.
- e) Define Rape.
- f) Blancket consent
- g) Bansdolla.
- h) Open Verdict
- i) Define Drug.
- j) Pupils in coma.
- k) Define toxicology
- l) Define poison.
- m) Mugging.
- n) Name two cardiac poisons
- o) Name two house hold emetics.

2. Write Short Answers. (Any four out of six)

[4×5=20]

- a) Dowry death.
- b) Summons.
- c) Dying Declaration.
- d) Workmen's compensation act.
- e) Dactylography.
- f) Battered baby.

| i) Euthanasia. | j) Verdict. |
| k) Chelating agent. | l) Define poison. |
| m) Define toxicology. | n) EDTA. |
| o) Name two house hold emetics. | |

4×5=20

Q. No. 2. Write Short Answers. (Any 4 out of 6)

- | | |
|--|-----------------------|
| a) Summon. | b) Dying declaration. |
| c) Post mortem lividity. | d) Schizophrenia. |
| e) Difference between entry and exit wound of fire arm injury. | |
| f) Write rule of nine.. | |

4×5=20

Q. No. 3. Write Short Answers. (Any 4 out of 6)

- Write Sign, Symptoms, Treatment and P/M findings of chronic Arsenic poisoning.
- Vitriolage.
- Ideal homicidal poison.
- Write Sign, Symptoms, Treatment and P/M findings of Aconite poisoning.
- Write Sign, Symptoms, Treatment and P/M findings of Carbon monoxide poisoning.
- Plumbism

10×2=20

Q. No. 4. Long Answer Questions. (any 2 out of 4)

- Write Types of court in India. Explain it in detail
- Define injury by law Classify mechanical injury and write in detail about Abrasions.
- What is Rigor mortis? Why it is formed? Write its medicolegal aspect.
- Discuss late signs of death in detail.

20

Q. No. 5. Long Answer Questions.

Write in detail about Phosphorus poisoning.

20

Q. No. 6. Long Answer Questions.

- Define forensic toxicology with sections
- Evidences of poisoning in a dead in a living
- Factors modifying the action of poisons.
- Principals in the treatment of a case of suspected poisoning.

4×5=20

Q. No. 7. Long Answer Questions.

- Ideal homicidal poison and household poisons.
- Duties of medical practitioner in a suspected poisoning.
- Gastric lavage.
- Universal antidote.

| 1) Define Injury by law. | 2) Define perjury. |
| 3) Expert witness. | 4) Corpus delicti. |
| 5) Concealed sex. | ✓6) Define Hanging with its types. |
| 7) Judicial hanging. | ✓8) Define Incised and Stab wound. |
| 9) Suspended animation | 10) What is panchnama? |
| ✓11) Cattle poison | 12) Sui poisoning |
| 13) Define poison. | 14) Chelating agent. |
| 15) Post mortem lividity. | |

Q.2 Write short answer (any 4 out of 6)

- | | |
|----------------------------|------------------------------|
| 1) M.T.P. act 1971 | ✓2) Autopsy |
| ✓3) Hanging with its types | 4) Judicial Hanging |
| ✓5) Dying declaration | ✓6) Infanticide with its MLA |

Q 3. Write short answer (any 4 out of 6)

- | | |
|---|----------------------------|
| 1) Universal antidote | ✓2) Ideal homicidal poison |
| 3) Duties of medical practitioner in a suspected poisoning. | |
| 4) Write treatment for corrosives. | ✓5) Vitriolage |
| ✓5) Write Gastric Lavage. | |

Q 4 Long answer question(Any 2 out of 4)

- ✓1) Define injury .Classify it and write down about Bruises in detail.
- 2) Write types of courts in India
- ✓3) Define death. Describe the types of death. Describe Riger mortis in detail.
- 4) Explain Tattoo mark and finger print in Detail.

Long answer question (any one from Q. no. 5,6 and 7)

Q. No. 5. Long Answer Questions.

Write Sulphuric acid Poisoning in detail.

Asphyxia

20

Q. No. 6. Long Answer Questions.

- a) Define forensic toxicology
- b) Evidences of poisoning in a dead and in living
- c) Factors modifying the action of poison
- d) Principals in the treatment of a case of suspected poisoning.

4×5=20

✓Q. No. 7. Long Answer Questions.

- a. Define & Give Legal Definition Of Poison.
- b. Classification Of Poison According to their mode.
- c. Routes Of administration of poisoning.
- d. Action of Poisons.

All the Best

*Direct
Spice.*

Instructions: 1. Question No. 1, 2, 3, 4 are compulsory, Solve any one out of question No. 5, 6, 7.
(Any 10 out of 15) 10×2=20

2. No. 1. Write Appropriate Answers.

- a) Conduct Money
- b) What is Dying Deposition?
- c) Open Verdict
- d) Define Inquest
- e) Define Perjury
- f) Hostile witness
- g) Define Mugging
- h) B.A.L.
- i) Mention factors modifying actions of poison?
- j) Diatoms
- k) Name two abortificant drugs
- l) Define forensic Nursing with its MLA
- m) Define injury by Law
- n) What do you mean by oral evidence?
- o) Define poison.

3. No. 2. Write Short Answers. (Any 4 out of 6) 4×5=20

- a) Summons
- b) Strangulation
- c) Police inquest
- d) Judicial Hanging
- e) Exhumation
- f) M.T.P. act

4. No. 3. Write Short Answers. (Any 4 out of 6) 4×5=20

- a) Write Sign, Symptoms, Treatment and P/M findings of Oxalic acid
- b) Gastric Lavage.
- c) Vitriolage.
- d) Write gastric lavage indication and contraindication.
- e) Diagnosis of acute poisoning in living.
- f) Duties of medical officer in poisoning .

5. No. 4. Long Answer Questions. (any 2 out of 4) 10×2=20

- a) Classification of Mechanical Injuries in Detail & Explain Laceration.
- b) What is artificial insemination , write indication, types and its MLA.
- c) What is hanging , write in detail about it with its MLA.
- d) What is Drowning , write types and detail about salt water drowning.

6. No. 5. Long Answer Questions. 20

Write Sulphuric acid Poisoning in detail.

7. No. 6. Long Answer Questions. 20

Write General treatment of poisoning.

8. No. 7. Long Answer Questions. 4×5=20

- a. Define & Give Legal Definition Of Poison.
- b. Classification Of Poison According to their mode.
- c. Routes Of administration of poisoning.
- d. Action of Poisons.

Motiwala Homoeopathic Medical College & Hospital, Nashik
II BHMS Terminal Internal Assessment Examination Appearing May-June 2017
MUHS Examination [Feb 2017]

Date: 14/02/2017

Sub: Forensic Medicine &
Toxicology

Time: 9.30 to
12.30 P.M.

Marks : 100

Instructions : 1. Question No. 1, 2, 3, 4 are compulsory, Solve any one out of question No. 5, 6, 7.
(Any 10 out of 15) $10 \times 2 = 20$

Q. No. 1. Write Appropriate Answers.

- What are the functions of Coroner?
- What do you mean by Barr bodies.
- What do you mean by corpus delicti?
- Define witness and write types.
- Name 2 universal Poisons.
- Define Hanging and types of Hanging?
- Define Perjury.
- Medical Examiner System.
- Define Injury by Law?
- What do you mean by contusion.
- Write down the two examples of chelating agent?
- Mention factors modifying actions of poison?
- Write down the names of cattle poisons?
- Name two household poisons.
- What is Forensic Toxicology? Write down the IPC Sections for it?

No. 2. Write Short Answer Question

- Subpoena
- Dying Declaration
- Difference between temporary and permanent teeth
- Define abrasion, write its types, age and MLA.
- Define Drowning and write Fresh Water Drowning with MLA
- Write Rigor mortis and cadaveric spasm difference.

$4 \times 5 = 20$

No. 3. Write Short Answers. (Any 4 out of 6)

- Classify poisons according to their mode of action?
- Write duties of medical practitioner while handling cases of poisoning.
- Write Sign, Symptoms, Treatment, fatal dose and fatal period of oxalic acid
- Vitriolage
- Klinefelter syndrome
- MLA of age.

No. 4. Long Answer Questions. (any 2 out of 4) $10 \times 2 = 20$

- Define injury by law, write Classification of Injury and Mechanical Injuries and write laceration in detail with its MLA.
- Define Thanatology and discuss late signs of death
- Describe various courts in India.
- Describe Hanging in detail.

No. 5. Long Answer Questions.

Describe snake poisoning as below

$4 \times 5 = 20$

- Differentiate poisonous and non poisonous snakes
- Indian poisonous snakes
- Their characteristics
- Medico legal aspect of venomous snake bite

No. 6. Classify corrosive acids. Write signs, symptoms, treatment, postmortem appearance and A of sulphuric acid.

No. 7. Long Answer Questions.

$4 \times 5 = 20$

- What are the Household Emetics?
- Describe the Procedure, Indications and Contra-indications of Gastric Lavage ?
- What is Universal Antidote?
- Write down the Classification of Poisoning?

Instructions : 1. Question No. 1, 2, 3, 4 are compulsory, Solve any one out of question No. 5, 6,
(Any 10 out of 15) 10×2=20

10. 1. Write Appropriate Answers.

- What are the functions of Coroner?
- What is Dying Deposition?
- What do you mean by Perjury?
- Define Drug
- Define Forensic Medicine.
- Define Abortion
- Define Rape.

h) Write objective of cross examination.

- Define Injury by Law?
- Define Inquest & Types of Inquest.
- Write down the two examples of chelating agent?
- Mention factors modifying actions of poison?
- Write down the names of cattle poisons?
- Define Poison

to weaken the evidence of witness by showing that his details are inaccurate, conflicting, contradictory.

o) What is Forensic Toxicology? Write down the IPC Sections for it?
No. 2. Write Short Answers. (Any 4 out of 6)

4×5= 20

- Subpoena
- Dying Declaration
- Artificial Insemination
- What do you mean By Bruise ? Explain its types
- Criminal Abortion
- Difference between Coroners Inquest & Police Inquest.

4×5=20

No. 3. Write Short Answers. (Any 4 out of 6)

- Classify poisons according to their mode of action?
- Vitriolage
- Write Sign, Symptoms, Treatment of Sulfuric Acid.
- Write Sign, Symptoms, Treatment and of Oxalic Acid
- Write Sign, Symptom, Treatment of Cobra Poisoning.
- Duties of medical officer in poisoning cases.

No. 4. Long Answer Questions. (any 2 out of 4) 10×2=20

- Impotency and sterility.
- Rape With MLA.
- Write in detail about Types Of Court in India.
- Write Artificial Insemination in detail with its MLA.

Write any from 5, 6 and 7.

5. No. 5. Long Answer Questions.

Write Presumptive and Probable signs of pregnancy. with MLA of it.

6. No. 6. What are Mechanical Injuris, its Types and write Laceration in Detail with MLA.

4×5=20

7. No. 7. Long Answer Questions.

- What are the Household Emetics?
- Describe the Procedure, Indications and Contra-indications of Gastric Lavage ?

Do not write anything on the blank portion of the question paper.

If written anything, such type of act will be considered as an attempt to resort to unfair means.

All questions are **Compulsory**.

The number to the **right** indicates **full** marks.

Draw diagrams **wherever** necessary.

Distribution of Syllabus in Question Paper is only meant to cover entire Syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. As it is only for the placement sake, the distribution has been done.

Use Common answerbook for **all** Section

[10×2=20]

Write Appropriate Answers. (Any ten out of fifteen)

- a) Lycopodium – Common name and family
- b) Arnica- Injury
- c) Nat mur – Head Complaints
- d) Calc sulph- Tongue
- e) Kali sulph – Two charecteristics of skin
- f) Euphrasia- Characteristic pain
- g) Antim tart – Modalities
- h) Allium cepa- Cravings
- i) Nat phos- Common name and chemical formula
- j) Aconite- Mind
- k) Thuja- Ailments from
- l) Apis mel- Urine complaints
- m) Arum triphyllum- Nose complaint
- n) Bryonia – Thirst
- o) Ruta- 2 important characteristic

[4×5=20]

2. Write Short Answers. (Any four out of six)

- a) Nux vom – GIT
- b) Types of Materia Medica
- c) Rhustox – Rheumatic complaints
- d) Pulsatilla- Mind symptoms
- e) Aethusa Cynapium- baby
- f) Nat Sulph –Respiratory complaints

Motiwala Education & Welfare Trusts,

II BHMS (2015) Terminal Examination Feb 2020

Date: 12/02/20

Sub: HMM

Time: 10:30 TO 1:30PM

Marks : 100

10X2=20

Write Appropriate Answers (Any 10)

- A) cal carb- common name and chemical formula
B) lyco- 2 mind symptoms
C) Nat mur - head complaints
D) Rhustox - Tongue
E) sulph- git
F) Allium cepa- characteristic pain
H) nash trios of restlessness
I) hep sulph- skin complaints
J) arum triphyllum- resp complaint
K) Pulsatilla - 2 mind symptoms
L) chamomilla- mind
M) Silicea- ailments from
N) Bryonia - thirst
O) dulcamara- modalities
P) Hypericum- nerve injury

4X5=20

Write short answers. (Any 4)

- a. calendula- injury
b silicea - baby
c. aloe- hemorrhoids complaint
d. colchicum- guiding symptoms
e. apis- urinary complaint
f. chamomilla- dentition and tooth complaint

4X5=20

Write short answers. (Any 4)

- a. Define drug? and write various sources of homoeopathic materia medica
b. Hepar sulph- guiding symptoms
c baptisia- fever
d. nat sulph- respiratory complaints
e. arsenic album - mind
f. Pulsatilla- female complaint

2x10=20

Write Any 2 (Compare and Contrast)

- a. allium cepa and euphrasia eye complaints
b) Scope and limitations of Homoeopathy
c. ledum pal and arnica injuries
I. Rhustox and bryonia joint complaints

answer question (Write Any 1 from ques.5,6 & 7)

1x20=20

What is HMM? Describe different ways of studying Materia Medica; write different types of Materia Medica with their authors.

OR

Write Drug Picture of sulphur in following :

- 1) Constitution, causation
2) Guiding symptoms
3) Mental symptoms
4) Important particulars and modalities.

OR

Write Drug Picture of Pulsatilla following :

- 1) Constitution, causation
2) Guiding symptoms
3) Mental symptoms
4) Important particulars and modalities.

Date: 03/07/19	Sub: HMM	Time: 10:30 TO 1:30PM	Marks : 100
----------------	----------	-----------------------	-------------

- 1] Write Appropriate Answers (Any 10) 10X2=20
- A) Lycopodium – common name and family
B) Calc phos – 2 mind symptoms
C) Nat mur – head complaints
D) Rhustox - Tongue
E) Calc sulph – two characteristics of skin
F) Allium cepa- characteristic pain
G) Colocynth – modalities
H) Calc carb- cravings
I) Pulsatilla - 2 mind symptoms
J) Aethusa -vomitting
K) Silicea- ailments from
L) China- 2 gastric complaints
M) Mag phos- modalities
N) Bryonia - thirst
O) Natrum mur- headache
- .2] Write short answers. (Any 4) 4X5=20
- a. Arsenic album- GIT
b Name the schusslers 12 tissue remedies
c. Bryonia – rheumatic complaints
d. China- guiding symptoms
e. Aethusa cynapium- baby
f. Antim tart –respiratory complaints
- .3] Write short answers. (Any 4) 4X5=20
- a. Define drug? and write various sources of homoeopathic materia medica
b. Hepar sulph- guiding symptoms
c. Glsemium - cns complaints
d. Aloe- git and haemorrhoids
e. Antim crude- mind
f. Pulsatilla- female complaint
- .4] Write Any 2 (Compare and Contrast) 2x10=20
- a. Spongia and Drosera- Respiratory complaints
b Scope and limitations of Homoeopathy
c. Colocynth and mag phos-
d. Lycopodium and bryonia- git complaints
- Long answer question (Write Any 1 from ques.5,6 & 7) 1x20=20

Q .5) What is HMM? Describe different ways of studying Materia Medica; write different types of Materia Medica with their authors.

OR

Q.6) Write Drug Picture of Lycopodium in following :

- 1) Constitution, causation
- 2) Guiding symptoms
- 3) Mental symptoms
- 4) Important particulars and modalities.

OR

Q.7) Write Drug Picture of Pulsatilla following :

- 1) Constitution, causation
- 2) Guiding symptoms
- 3) Mental symptoms
- 4) Important particulars and modalities.

Q.1] Write Appropriate Answers. (Any 10)

2 X 10 = 20

1. State aphorism no.9.
2. What is prima causa morbi.
3. Define Indisposition.
4. Define exciting causes
5. Explain law of minimum.
6. What is Fundamental Cause and give its types
7. Define accessory symptom.
8. Define Hering's law of cure
9. Qualities of physician.
10. Differentiate between 5th & 6th edition of Organon.
11. Characteristic symptom
12. Meaning of "Aude Sapere" & its significance.
13. What happens when two similar diseases meet together in a body?
14. Define Suppression.
15. Write any two contributions of Dr.Kent.

Q.2] Write Short answers (Any 4 out of 6)

- 1) Write in detail about totality of symptoms.
- 2) Explain therapeutic law of nature .
- 3) How Dr Hering converted to Homocopathy?.
- 4) Why medicines are stronger than natural disease condition.
- 5) Why the physician must be the preserver of health?
- 6) What is antipathy? Write down its merits and demerits

Q.3] Write short answers (Any 4)

4X5=20

- 1) Give Hufeland's statement and explain in detail
- 2) Describe the 'Modus Operandi' of homoeopathic cure.
- 3) Explain Causation of disease.
- 4) Define memory. Types of memory & what is forget fullness.
- 5) Theory of drug Dynamisation.
- 6) The Sick according to Dr.Kent

Q.4] Long Answer question (Any 2 out of 4)

10X2=20

- 1) Explain classification of disease according to Dr. Samuel Hahnemann
- 2) What is mean by Suppression and explain its type according to Robert.
- 3) Define Susceptibility Give Types of susceptibility and Factors affecting Susceptibility .
- 4) What will happen when 2 dissimilar diseases come together in a body?

Long answers question (Any one of Q.no.5, 6 & 7)

1X20=20

- Q.5]** What is Miniature of Organon? Discuss in details the knowledges required by a physician to become a true practitioner of healing art.
- Q.6]** Write down in detail about life history of Dr. Hahnemann
- Q.7]** Write an essay on vital force and add a note on role of vital force in health and disease.

Q.1] Write Appropriate Answers. (Any 10)

2 X 10 = 20

1. Define concomitant.
2. What is prima causa morbi.
3. Define Indisposition.
4. Define exciting causes
5. Explain law of minimum.
6. What is logic & give its types.
7. Define accessory symptom.
8. Define Hering's law of cure
9. Qualities of physician.
10. Differentiate between 5th & 6th edition of Organon.
11. Characteristic symptom
12. Meaning of "Aude Sapere" & its significance.
13. Define subjective symptom & its therapeutic utility.
14. Define temperament.
15. What is Materia Peccans.

Q.2] Write Short answers (Any 4 out of 6)

- 1) Write in detail about totality of symptoms.
- 2) What are scope and limitations of Homoeopathy?
- 3) How Dr Hering converted to Homoeopathy?.
- 4) How did Dr. Hahnemann use 'LOGIC' to his advantage to derive law of similar?
- 5) Explain how Homoeopathy is art and science?
- 6) What is antipathy? Write down its merits and demerits

Q.3] Write short answers (Any 4)

4X5=20

- 1) Give Hufeland's statement and explain in detail
- 2) Describe the 'Modus Operandi' of homoeopathic cure.
- 3) Explain therapeutic law of nature
- 4) Describe the obstacles in the process of cure.
- 5) Theory of drug Dynamisation.
- 6) Sick.

Q.4] Long Answer question (Any 2 out of 4)

10X2=20

- 1) Explain classification of disease according to Dr. Samuel Hahnemann
- 2) Differentiate between primary & secondary action Explain giving examples
- 3) Define Susceptibility Give Types of susceptibility and Factors affecting Susceptibility .
- 4) What will happen when 2 dissimilar diseases come together in a body?

Q-5 Explain classification of disease according to Dr. Samuel Hahnemann

OR

Q-6 Discuss the knowledges of physician with reference to Dr. Hahnemann's organon

OR

Q-7 What is vital force, its characteristics and role of vital force in health, disease and cure?

Q.1] Write Appropriate Answers. (Any 10)

2 X 10 = 20

1. Define sign and symptom?
2. Who write and translates sixth edition of organon of medicine?
3. What is Organon of medicine
4. What is mission of physician?
5. What is highest ideal of cure?
6. Who is unprejudiced observer?
7. What is logic & give its types.
8. Define accessory symptom.
9. Define concomitant.
10. Write any two contributions of Dr.Kent.
11. Differentiate between 5th & 6th edition of Organon.
12. State natures law of cure
13. Meaning of "Aude Sapere" & its significance.
14. Define subjective symptom & its therapeutic utility.
15. Define temperament.

Q.2] Write short answers (Any 4)

4X5=20

- 1) Qualities of vital force.
- 2) Do's & don'ts of case taking.
- 3) Explain therapeutic law of nature
- 4) Describe the obstacles in the process of cure.
- 5) Theory of drug Dynamisation.
- 6) Sick.

Q.3] Write Short answers (Any 4 out of 6)

4X5=20

1. Define case taking & its objectives.
2. Explain spread of Homoeopathy in India.
3. How Dr Hering converted to Homoeopathy?
4. Describe the 'Modus Operandi' of homoeopathic cure
5. Write in detail about totality of symptoms.
6. Explain the Hufeland's statement.

Q.4] Long Answer question (Any 2 out of 4)

10X2=20

- 1) Explain classification of disease according to Dr. Samuel Hahnemann
- 2) Differentiate between primary & secondary action Explain giving examples
- 3) Explain in detail Isopathic & Antipathic mode of treatment.
- 4) What will happen when 2 dissimilar diseases come together in a body?

Long answers question (Any one of Q.no.5, 6 & 7)

1X20=20

- Q.5] Discuss the knowledges of physician with reference to Dr.Hahnemann's organon
- Q.6] Discuss in details the 7 cardinal principles of homoeopathy.
- Q.7] Explain in detail Dr.J.T.Kent's life history.

Short Answers question

Q.1] Write appropriate answers (Any 10 out of 15)

- a) Define totality of symptoms.
- b) Define susceptibility.
- c) Difference between Drug, Medicine and Remedy.
- d) Advantages and disadvantages of Antipathy
- e) What are basic and determinative symptoms
- f) Define Health as per W.H.O.
- g) 3rd observation of Dr. Kent.
- h) Define Palliation.
- i) Role of Vital Force in health
- j) What is Intercurrent remedy?
- k) Second best Remedy.
- l) Law of minimum
- m) What is Herrings law of Cure.
- n) What do you mean by surrogates in Organon.

15

[10X2=20]

Q.2] Write short notes answers (Any 4 out of 6)

- a) Indications of Psora
- b) Second Prescription
- c) Criteria for potency selection.
- d) Contributions of Dr. Kent
- e) Mesmerism
- f) Genius Epidemicus
- g) Define Natures Therapeutic Law of Nature.

[4X5=20]

Q.3] Write short answers (Any 4 out of 6)

- a) Unprejudiced Observer
- b) 12th observation of Dr. Kent with inference.
- c) Explain Primary and Secondary with examples
- d) Nervous Temperament.
- e) Idiosyncrasy with example.
- f) Define LOGIC and explain Inductive logic with example
