5. Defi

- k) Define stye.
- l) Define epiphora.
- m) Define presbyopia.
- n) Define Nystigmatism.
- o) Define Iridocyclitis.

6.

[4 × 5 = 20]

2. Write short answer (any four out of six):

- a) Give the differences in benign & Malignant tumor.
- b) Write Complications of blood transfusion.
- c) Describe Rodent ulcer.
- d) Write in brief about Burger's disease.
- e) Discuss in detail Dacryocystitis.
- f) Describe trachoma.

[4×5 = 20]

3. Write short answer (any four out of six) :

- a) Write in brief about Bedsore.
- b) Describe Abscess in brief.
- c) Write in brief about Haemangioma.
- d) Write Clinical Sign & Symptom of Lipoma.
- e) Hypermetropia.
- f) Classify Cataract.

[2×10= 20]

4. Long answer question (any two out of four):

- a) Discuss tetanus in detail.
- b) What are stages of wound healing . Give its complications.
- c) Write in brief about Neurofibroma.
- d) Describe mucopurulent conjunctivitis in detail.

04701A

Long answer question (any one from Q.no. 5, 6 and 7) :

5. Define ulcer , describe four types of ulcers with their characteristics. [1×20= 20]

6. Define gangrene .Write types , etiology, clinical feature and management. [1 × 20= 20]

7. Define glaucoma. Write its types aetiology, clinical feature of any one of the type. [1 × 20= 20]

Third B.H.M.S. (Old) Examination, Summer (Phase - II) 2019
SURGERY AND HOMOEOPATHIC THERAPEUTICS - I

Total Duration : 3 Hours

Total Marks : 100

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) Define Sebacious cyst.
- b) Describe Furuncle.
- c) Reducible swelling.
- d) Complications Of Varicose Veins.
- e) Cinchona in Shock.
- f) Indications For Skin Grafting.
- g) Iodum in Hyperthyroidism.
- h) Conium in Ca. Breast.
- i) Define Sinus and Fistula.
- j) Belladonna in Boil.
- k) Night Blindness.
- l) Pupillary reflex.
- m) Lycopodium in Stye.
- n) Euphrasia in Conjunctivitis.
- o) Causes of Redness of Eye.

U40-
[4 × 5 = 20]

2. Write short answer (any four out of six):
- a) Describe Carbuncle.
 - b) Sulphur in Tubercular Ulcer.
 - c) Management of Hemorrhage.
 - d) Thrombo Angitis Obliterance.
 - e) Pulsatilla in Ophthalmia Neonatorum.
 - f) Hypermetropia.

[4 × 5 = 20]

3. Write short answer (any four out of six):
- a) Lipoma.
 - b) Simple Goitre.
 - c) Rodent Ulcer.
 - d) Acid Nitric in Burn.
 - e) Follicular Conjunctivitis.
 - f) Phosphorus in Colour Blindness.

4. Long answer question (any two out of four):

[2 × 10 = 20]

- a) Describe Shock with classification and Homoeopathic Management with Aconite and Carbo Veg.
- b) Describe Gangrene with Classification and Homoeopathic Management.
- c) Describe Fibroadenosis in detail with Clinical features and give indications of 2 homoeopathic medicines.
- d) Describe Corneal Ulcer with its Complications and Homoeopathic Management.

Long answer question (any one from Q. No. 5, 6 and 7):

5. Describe Burn under the heading of: Classification, Complications, Skin Grafting, Homoeopathic Management with Cantharis and Apis Mel.

[1 × 20 = 20]

6. Describe Ulcer under the headings of: Aetiology, Types with clinical features, Healing of Ulcer, and Homoeopathic Management.

[1 × 20 = 20]

7. Describe Glaucoma with its Classification, clinical features, complication and management with scope of homoeopathic medicines..

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

(10×2=20)

- a) Define fistula.
- b) Define furunculosis.
- c) Four causes of delayed wound healing.
- d) What is risus sardonicus ?
- e) Define melanoma.
- f) What is secondary haemorrhage ?
- g) Define intermittent claudication.
- h) Define haemangioma.
- i) Define Buerger's disease.
- j) Define atherosclerosis.
- k) Define chemosis.
- l) Define astigmatism.
- m) Define ptosis.
- n) 2 causes of blindness.
- o) Define trachoma.

04701 A

2. Write short answer (any four out of six) : (4×5=20)

- a) Cold abscess.
- b) Pilonidal sinus.
- c) Raynaud's disease.
- d) Rodent ulcer.
- e) Allergic conjunctivitis.
- f) Myopia.

3. Write short answer (any four out of six) : (4×5=20)

- a) Hypovolemic shock.
- b) Types of wound.
- c) Diabetic ulcer.
- d) Dermoid cyst.
- e) Acute dacrocystitis.
- f) Hypermetropia.

4. Long answer question (any two out of four) : (2×10=20)

- a) Discuss tetanus in detail.
- b) Discuss in detail types of burns and mention rule of nine.
- c) Discuss in detail types of haemorrhage and its management.
- d) Discuss in detail xerophthalmia.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Long answer question : (1×20=20)
Define cyst, give it's types, investigations and management.

6. Long answer question : (1×20=20)
Define ulcer, give it's types. Write difference between healing and non healing ulcer and its management.

7. Long answer question : (1×20=20)
Discuss glaucoma with its classification, clinical features, complication and management.

04311 A

Third B.H.M.S. (2015) Examination, Winter 2018
GENERAL SURGERY AND HOMOEOPATHIC THERAPEUTICS – I

Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.

 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

Write short answer (any ten out of fifteen) :

(10×2=20)

- a) Define Wound.
 - b) Define Erysipelas.
 - c) Write any four indications for Blood transfusion.
 - d) Define acute relapsing pancreatitis.
 - e) Write four characteristics of Cholesterol stone.
 - f) What is the meaning of Choledocholithotomy ?
 - g) What do you mean by Secondary Duct stone ?
 - h) Define Achalasia cardia.
- Write four indications of Nitric acid. in Rectal affections.
- Define Thromboangitis obliterance.
- Any four indications of Cantharis in Burn.
- Mention four indications of Lycopodium in renal stone.
- i) Name any four Homoeopathic drugs for Acute cholecystitis.
 - j) Mention four indications of Mag.Phos in abdominal colic.
 - k) Four indications of Chelidonium in liver abscess.

P.T.O.

2. Write short answer :
- Write factors affecting wound healing.
 - Give significance of rule of Nine in case of burn.
 - Define Boils and explain it.
 - Spontaneous Pneumothorax.
 - Flail Chest.
 - Define Peptic ulcer and explain Gastric ulcer.

3. Write short answer (any four out of six) :

- Define Shock. Describe role of Vert. Alb. and Camphora in shock.
- Role of Arnica and Ruta in injury.
- Define Cellulitis and explain role of Hepar-sulph in Cellulitis.
- Define Hernia and write role of Calcarea carb and colocynth in Hernia.
- Four indications of Natrum Sulph in Head Injury.
- Belladonna and Bryonia in Appendicitis.

4. Long answer question (any two out of four) :

- Define Burn. Describe types, clinical features and general management of Burn. Construct the role of Homoeopathic medicines in management of Burn.
- Define Haemorrhage. Write types and classification of hemorrhage and the role of Carbo veg. and Lachesis in Haemorrhage.
- Define and explain Intussusception. Write role of Asafoetida and Plumbago in Intussusception.
- Define and explain Benign Prostatic Hypertrophy. Explain role of Sarsaparilla and Sabal Ser. for the same.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Long answer question :

Define appendicitis, aetiopathogenesis, clinical features, complications and homeo drugs.

6. Long answer question :

Define Intestinal Obstruction. Write its causes, clinical features, diagnosis and its management with indications of suitable 4 Homoeopathic medicines.

7. Long answer question :

Define Fibroadenoma in breast. Describe Ca breast in detail with indications and 4 homoeopathic medicines for the management of Ca breast.

Third B.H.M.S. (New) Examination, Winter 2017
SURGERY AND HOMOEOPATHIC THERAPEUTICS – I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue black ball point pen only.**
 - 2) Do not write anything on the **blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks.**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

(10×2=20)

- a) Define scald.
- b) Define Lipoma.
- c) Define Carbuncle.
- d) Define Keloid.
- e) Enumerate symptoms of Dry Gangrene.
- f) Define Fibroadenoma.
- g) Define Thyroiditis.
- h) Enumerate types of Amputation.
- i) Define Cardiogenic Shock.
- j) What is Cardio Pulmonary Resuscitation ?
- k) Types of Cataract.
- l) Define Glaucoma.
- m) Define Leucoma.
- n) Define Exophthalmos.
- o) Define Iridocyclitis.

P.T.O.

04701 A

2. Write short answer (any four out of six) :
- Trophic Ulcer.
 - Difference between Carcinoma and Sarcoma.
 - Indications of Blood transfusion.
 - Toxic nodular Goitre.
 - Squint.
 - Internal Hordeolum.

3. Write short answer (any four out of six) :
- Hodgkin's Lymphoma.
 - Difference between Pyaemic and Pyogenic abscess.
 - Difference between cerebral concussion and cerebral contusion.
 - Fibroadenoma of Breast.
 - Blepharitis.
 - Differential diagnosis of Red eye.

4. Long answer question (any two out of four) :
- Define Varicose Veins. Discuss its aetiology, clinical features, clinical tests, complications for the same.
 - Define and classify Haemorrhage. Write management of concealed Haemorrhage.
 - Describe aetio-pathology, clinical features and prophylactic measures of Haemorrhage.
 - Enumerate errors of Refraction and describe Myopia in detail.

Long Answer Question (any one from Q. No. 5, 6 and 7) :

5. Long answer question :
Define cyst. Describe types, classification, clinical features and complications.
6. Long answer question :
50 years male having 60 kg weight suffering from 30% burn due to household injury. Write in detail about its pathophysiology, metabolic effects and management.
7. Long answer question :
Define Conjunctivitis. Write its Classification, aetio-pathogenesis, clinical features and management of an epidemic conjunctivitis.
-

Third B.H.M.S. (Old) Examination, Summer 2017
SURGERY AND HOMOEOPATHIC THERAPEUTICS – I

Duration : Section A/B = 3 Hours

Total Marks : 100

SECTION – A/B

- Instructions :**
- 1) All questions are compulsory.
 - 2) All questions carry equal marks.
 - 3) The number to the right indicates full marks.
 - 4) Draw diagrams wherever necessary.
 - 5) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from Paper – I syllabus to Paper – II and vice versa. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

SAQ (60 Marks)

Write appropriate answers (any ten out of fifteen) :

(10×2=20)

- a) Dermoid cyst
- b) Disinfection and its types.
- c) Keloid
- d) Define fracture
- e) Fistula in ano
- f) Conjunctivitis
- g) Subdural haemorrhage
- h) Sentinel pile
- i) Pilonidal sinus
- j) Aphthous ulcer
- k) Describe in brief- Sty
- l) Rule of Nine in Burns
- m) Glaucoma
- n) Blepharitis
- o) Physical examination in Piles.

P.T.O.

04301A

2. Write short answer (any four out of six) :

- a) Describe Venous Ulcers
- b) Hypovolemic shock
- c) Phases of Wound healing
- d) Describe tracheostomy
- e) Senile Cataract
- f) Chalazion.

3. Write short answer (any four out of six) :

- a) Liver abscess
- b) Osteomyelitis
- c) Cold abscess
- d) Causes of Dysphagia
- e) Retinoblastoma
- f) Management of Dacrocystitis.

LAQ (40 Marks)

4. Long answer question (any two out of four) :

- a) Describe Intussusception.
- b) Management of Haematemesis.
- c) Describe Acute Glaucoma, clinical features and management.
- d) Describe management of Oesophageal Varices.

Long answer question (any one from Q. No. 5, 6 and 7) :

Long answer question :

5. Cancer of stomach.

- a) Describe pathogenesis.
- b) Classification.
- c) Clinical features.
- d) Management.

Long answer question :

6. Shock :

- a) Define and describe.
- b) Types of shock.
- c) Complications.
- d) Management of Haemorrhagic shock.

Long answer question :

7. Cataract :

- a) Define and describe.
- b) Classification of Cataract.
- c) Describe Mature Cataract.
- d) Management of Mature Cataract.

Third B.H.M.S. (New) Examination, Winter 2016
Surgery and Homoeopathic Therapeutics – III

Duration : 3 Hours

Total Marks : 100

SECTION – A/B

- Instructions:**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.

- 7
- k) Write two keynote indications of Euphrasia in conjunctivitis.
 - l) Write two keynote indications of Conium in Miniere's disease.
 - m) Write two keynote indications of Natrum sulphuricum in otitis media.
 - n) Write two keynote indications of Chamomilla in maxillary sinusitis.
 - o) Write two keynote indications of Belladonna in acute pharyngitis.

2. Write short answer (any four out of six) :

- a) Define abscess. Give indications of Silicea.
- b) Define gastritis. Give indications of Nux vomica.
- c) Define goitre. Give indications of Iodum.
- d) Define dental caries. Give indications of Kreosotum.
- e) Indications of Rhus tox in ligament injury.
- f) Indications of Phytolacca in follicular tonsillitis.

3. Write short answer (any four out of six) :

- a) Indications of Colocynth in intestinal obstruction.
- b) Indications of Asteria Rubens in breast abscess.
- c) Indications of Merc.sol in pyorrhoea.
- d) Indications of Calcarea fluorica in cataract.
- e) Indications of Ammonium carb. in epistaxis.
- f) Indications of Capsicum in mastoiditis.

Long answer question (any two out of four) :

- a) Write indications of Urtica urens, cantharis in burns.
- b) Discuss scope of homoeopathy in Osteomyelitis and Name two drugs with keynote indication.
- c) Define ophthalmia neonatorum. Give homo.management with its drugs.
- d) Define Quinsy. Give hom.management with indication of two drugs.

Define Quinsy

Quinsy

01701 C

- k) Write two keynote indications of Euphrasia in conjunctivitis.
- l) Write two keynote indications of Conium in Minore's disease.
- m) Write two keynote indications of Natrum sulphuricum in otitis media.
- n) Write two keynote indications of Chamomilla in maxillary sinus.
- o) Write two keynote indications of Belladonna in acute pharyngitis.

2. Write short answer (any four out of six) :

- a) Define abscess. Give indications of Silicea.
- b) Define gastritis. Give indications of Nux vomica.
- c) Define goitre. Give indications of Iodum.
- d) Define dental caries. Give indications of Kreosotum.
- e) Indications of Rhus tox in ligament injury.
- f) Indications of Phytolacca in follicular tonsillitis.

3. Write short answer (any four out of six) :

- a) Indications of Colocynth in intestinal obstruction.
- b) Indications of Asteria Rubens in breast abscess.
- c) Indications of Merc.sol in pyorrhoea.
- d) Indications of Calcarea fluorica in cataract.
- e) Indications of Ammonium carb. in epistaxis.
- f) Indications of Capsicum in mastoiditis.

4. Long answer question (any two out of four) :

- a) Write indications of Urtica urens, cantharis in burns.
- b) Discuss scope of homoeopathy in Osteomyelitis and Name two drugs with keynote indication.
- c) Define ophthalmia neonatorum. Give homo.management with its drugs.
- d) Define Quinsey. Give hom.management with indication of two drugs.

SECTION – A SAQ (60 Marks)

Write appropriate answers (any ten out of fifteen) :

(10×2=20)

Write names of four homoeopathic remedies for acute pancreatitis.

Write four sign and symptoms in gall stones.

Write names of four homoeopathic remedies for fissure-in-ano.

Write what do you mean by Murphy's triad.

Write causes of otitis externa.

Write four indications of tonsillectomy.

Write four homoeopathic remedies for toothache.

Define Dental Caries.

Write four factors affecting healing process in a case of fracture.

P.T.O.

- 04301
- j) Write four homoeopathic remedies which help in faster fracture healing.
 - k) Write four features of Compartment syndrome.
 - l) Write names of four auditory function tests.
 - m) Write names of four types of rhinitis.
 - n) Write names of four homoeopathic remedies for Laryngitis.
 - o) Write names of four homoeopathic remedies for dysphagia.
2. Write short answer (**any four** out of six) :
- a) Complications of benign enlargement of prostate.
 - b) Mention in short clinical features of acute appendicitis.
 - c) Mention in short clinical features of acute maxillary sinusitis.
 - d) Describe in short dental plaque.
 - e) Describe in short about Colle's fracture.
 - f) Describe in short indications of Lachesis in neck and throat.

3. Write short answer (**any four** out of six) :
- a) Describe in short carbo veg in acute gastritis.
 - b) Describe various causes of epistaxis.
 - c) Describe in short causes and treatment of dental stains.
 - d) Describe in short indications of Aurum met and Asafoetida in goitre.
 - e) Describe in short Iodum in goitre.
 - f) Describe in short indications of belladonna and baryta carb in goitre.

SECTION – B LAQ (40 Marks)

4. Long answer questions (**any two** out of four) :
- a) Discuss causes, types, clinical features and homoeopathic management of renal calculi.
 - b) Discuss causes and homoeopathic management of cervical spondylitis.
 - c) Discuss aetiology, clinical presentation and management of cervical spondylitis.
 - d) Describe in detail aetiology clinical features and management of cervical spondylitis.

Answer questions (any one from Q. No. 5, 6 and 7) :

(1×20=20)

Discuss hernia :

-) Define hernia. Classify hernias. 5
-) Describe various causes of hernias. 5
-) Describe clinical features of indirect inguinal hernia. 5
-) Describe nux vomica in inguinal hernia. 5

Discuss fractures and dislocations :

-) Discuss in short dislocations and sublaxations. 5
-) Define fracture. Discuss types of fractures. 5
-) Discuss open versus closed fractures in short. 5
-) Discuss principles of management in cases of fracture. 5

Discuss Otagia/earache :

-) Describe in detail causes of earache. 5
 -) Diagnosis and investigations of earache. 5
 -) Discuss in short general management of earache. 5
 -) Describe indications of Chamamilla and Belladonna in earache. 5

SAQ

(60 Marks)

Answer the following questions (any ten out of fifteen) :

(10x2=20)

- a) Describe floor of an ulcer.
- b) primary and secondary healing of a wound.
- c) write rule of nine of burns.
- Phosphorus in Haemorrhage.
- Arsenic Alb in gangrene.
- Describe discharges from nipple.
- Complication of hernia.
- Belladonna in Mastitis.
- Iodum in Goitre.
- Hashimotos Thyroiditis.
- Trachoma.
- 4 Causes of red eye.
- Staphysagria in sty.
- Color blindness.
- Argentum Nitricum in conjunctivitis.

(P.T.O.)

2. Answer the following questions (any four out of six) :

- a) Sebaceous cyst.
- b) silicea in TB lymphadenitis.
- c) Fibroadenoma of breast.
- d) Hepar sulph in pyogenic abscess.
- e) Staphysagria in stye.
- f) Pulsatilla in conjunctivitis.

3. Answer the following questions (any four out of six) :

- a) Apis mel in Cellulitis.
- b) Burgers disease.
- c) Clinical features of Varicose vein.
- d) Cavernous haemangioma.
- e) Arnica Mon in sub conjunctival haemorrhage.
- f) Chalazion.

LAQ

4. Long answer questions (any two out of four) :

- a) Types of head injury and describe in detail about extradural haematom
- b) Difference between Hyper and hypo thyroidism and describe in detail the same.
- c) describe in detail about Carcinoma of Breast.
- d) Describe pulsatilla and Kalisulph in Mucopurulent Conjunctivitis.

Third B.H.M.S. (New) Examination, Summer 2013
SURGERY AND HOMOEOPATHIC THERAPEUTICS - I

Duration: Section A/B = 3 Hours

Total Marks: 100

SECTION - A/B

Instructions: 1) All questions are compulsory.

2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

3) All questions carry equal marks.

4) The number to the right indicates full marks.

5) Draw diagrams wherever necessary.

SAQ

(60 Marks)

(10x2=20)

I. Write appropriate answers (any ten out of fifteen)

a) Define shock, give types.

b) Give complications of blood transfusion.

c) What is Dacryocystitis ?

d) Define Myopia.

e) What is sty? *Swollen n/bs of the follicle of the eyelash including glands etc*

f) Define presbyopia.

g) What is sarcoma ?

h) What is lymphodiopathy. Give about enlargement of neck lymph glands ?

i) Define Trachoma.

j) Write about diabetic ulcers.

k) What is sinus and fistula ?

l) Define Goitre.

m) What is meant by frost bite ? Give two homoeopathic remedies.

n) Define frozen shoulder, give complications.

o) What is meant by active haemorrhage ?

P.T.O.

04701 A

2. Write short answers (any four out of six) :
- a) What is shock ? Give sign and symptom with management.
 - b) Explain refractive errors. Write about squint.
 - c) Define cyst and give classification.
 - d) What is gangrene ? Give sign and symptoms and aetiology.
 - e) What is meant by aneurysm ? Give aetiology and sign and symptom.
 - f) What is squint ? Give its management and treatment.

3. Write short answers (any four out of six) :
- a) What is meant by varicose veins ? Give aetiology and sign and management.
 - b) What is meant by intermittent claudication ?
 - c) What is meant by arterial stenosis ? Give causes.
 - d) Define carbuncle give aetiology.
 - e) What is Lypoma ? Name two remedies for Lypoma.
 - f) What is ptosis ? Give sign and symptoms.

LAQ

4. Long answer question (any two out of four) :
- a) What is Burn ? Give role of nine and management of Burn.
 - b) Describe what is blefarities give clinical features.
 - c) What are the stages of wound healing ? Give its complications.
 - d) What is cyst ? Give details about sebaceous cyst ?

Long answer question (any one from Q. No. 5, 6 & 7)

5. Write down :

What is meant by Lymphitics ? Give in detail.

- a) Aetiology
- b) Pathology
- c) Clinical features
- d) Management

04301 B

Third B.H.M.S. (Old) Examination, Summer 2012
SURGERY AND HOMOEOPATHIC THERAPEUTICS – II

Duration: Section A/B = 3 Hours

Total Marks: 100

SECTION – A/B

- Instructions :**
- 1) All questions are compulsory.
 - 2) All question carry equal marks.
 - 3) The number to the right indicates full marks.
 - 4) Draw diagrams wherever necessary.
 - 5) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

(SAQ)

(60 Marks)

Write appropriate answers (any ten out of fifteen) :

(10x2=20)

- a) What is Scurvy ?
- b) Define vestibulitis.
- c) Give four causes of nasal bleeding.
- d) Write four indication of allium-cep in acute rhinitis.
- e) Define bursitis.
- f) What is an Appendicular mass ?
- g) Write indications of symphytum in fracture.
- h) Define Nasal polyps.

P.T.O.

04301 B

- i) Define Alveolar abscess.
- ii) Define Volvulus.
- iii) Define a Vocal Nodule.
- iv) Write four indicated remedies for renal calculi.
- v) Write four causes of pruritus ani.
- vi) Write contra-indications of mastoidectomy.
- vii) Define Meckel's diverticulum.

2. Write short answer (any four out of six) :

- a) Otitis Externa.
- b) Hydatid cyst.
- c) Fibroadenosis.
- d) Dental caries.
- e) Pylorus stenosis.
- f) Frozen shoulder.

3. Write short answer (any four out of six) :

- a) Umbilical hernia.
- b) Fibroadenoma.
- c) Acute fissure in Ano.
- d) Calcaneal spur.
- e) Paraphimosis.
- f) Cervical spondylosis.

(LAQ)

4. Long answer questions (any two out of four) :

- a) Osteoarthritis
- b) Acute Tonsillitis
- c) Goitre
- d) Acute pancreatitis.

Third B.H.M.S. (Old) Examination, May/June 2010
SURGERY AND HOMOEOPATHIC THERAPEUTICS - I

Duration: 3 Hours

Total Marks: 100

- Instructions :**
- 1) The number to the **right** indicates full marks.
 - 2) Draw diagrams wherever necessary.
 - 3) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - A

LAQ

1. Define Abscess. Classify and describe clinical features, diagnosis, complications and management of cold abscess. (1×15=15)

OR

Define Varicose veins. Discuss Aetiopathology, clinical features and management of varicose veins of the lower limbs.

LAQ

2. Describe classification, clinical features, diagnosis, complications and management of Acute appendicitis. (1×15=15)

OR

Describe Aetiopathology, clinical features, diagnosis and management of Acute Intestinal obstruction.

3. Write **any two** out of four : (2×10=20)
 - a) Pneumothorax
 - b) Haematuria
 - c) Peritonitis
 - d) Pathological fractures.

SECTION - B

LAQ

4. Describe Role of Homoeopathy in pre-operative and post operative cases. (1)

OR

Classify Haemorrhage. Give indications of five Homoeopathic medicines for same.

LAQ

5. Describe indications of Lycopodium, Berberis vulgaris, Chelidonium, Chionodoxa and magnesium phos in cholecystitis. (1)

OR

Discuss Homoeopathic management of a case of Fistula-in-ano with indication of 5 remedies for the same.

6. Write any two out of four : (2)

- a) Phytolacca, Bryonia alba in Mastitis
- b) Sarsaparilla, Cantharis in Urinary calculi
- c) Phosphorus, Arsenic album - peptic ulcer
- d) Arnica M, Ruta - Injuries to the bone.

Third B.H.M.S. (New) Examination, Winter - 2020
OBSTETRICS AND GYNAECOLOGY-I

Total Marks : 100

Total Duration : 3 Hours

- Instructions :**
- 1) Use blue/black ball point pen only.
 - 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) All questions are compulsory.
 - 4) The number to the right indicates full marks.
 - 5) Draw diagrams wherever necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

1. Write short answer (any ten out of fifteen) :

[10 × 2 = 20]

- a) Define fertilization
- b) Chadwick's sign
- c) Ossianders sign
- d) Amniotic fluid
- e) Define episiotomy
- f) Write any four functions of placenta.
- g) Foetal heart sound
- h) Obestetric grip
- i) Caput succedanum
- j) LMP and EDD

- k) Hegars sign
- l) Umbilical cord
- m) Braxton -Hicks contractions.
- n) Weaning
- o) True Pelvis

2. Write short answer (any four out of six):

4

- a) Threatened Abortion
- b) Retained placenta
- c) Obstructed labour
- d) Dystocia.
- e) Write down signs and symptoms of first trimester (first 12 weeks)
- f) Importance of Breast feeding

3. Write short answer (any four out of six) :

4

- a) Write in short note on Lochia.
- b) Write in short-Hyperemesis gravidarum.
- c) Explain in short about Oligohydramnios.
- d) Explain minor disorders of the Newborn.
- e) Write down Complications of Forcep delivery.
- f) Define ANC and Write down Diet and Advice's during ANC.

4. Long answer question (any two out of four)

2 x 1

- a) Define Pre-Eclampsia. Describe in detail clinical Features, investigation and management of pre-Eclampsia.
- b) Define Normal Labour. Describe in detail all the stages with management.
- c) Describe in detail Abruptio placentae.
- d) Define Asphyxia Neonatorum. Write down etiology, Clinical Features, Diagnosis and management.

04702A

Answer any one question (any one from Q.no. 5, 6 and 7) :

Describe in detail Breech presentation with the help of given point -Definition, Types, Clinical features, Complication and managements. [1 × 20 = 20]

Define Ectopic pregnancy and Explain in detail it's Etiology, Clinical Features, Differential Diagnosis and management. [1 × 20 = 20]

Write in detail about Criteria for healthy baby, apgar score, Importance of Colostrum for the newborn, and disadvantages of Artificial feeding. [1 × 20 = 20]

Third B.H.M.S. (2015) Examination, Winter - 2020
GYNAECOLOGY & HOMOEOPATHIC THERAPEUTICS - I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black ball point pen only.**
 - 2) **Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.**
 - 3) **All questions are compulsory.**
 - 4) **The number to the right indicates full marks.**
 - 5) **Draw diagrams wherever necessary.**
 - 6) **Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.**
 - 7) **Use Common answerbook for all Section.**

Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) Define Precocious Puberty.
- b) Define Menotaxis and Metrotaxis.
- c) Progesterone.
- d) Dermoid cyst.
- e) Causes of Leucorrhoea.
- f) Define PID and causes.
- g) Necrozoospermia and Oligozoospermia.
- h) Barrier Contraceptives.
- i) Give indication's of Hysterosalpingography.
- j) Four remedies for Dyspareunia.
- k) Murex for Vaginismus.
- l) Silicea for Tumour's of Uterus.
- m) Carbo Animalis for genital fistula.
- n) Four remedies for Leucorrhoea.
- o) Pyrogen in Pelvic Abscess.

2. Write short answer (any four out of six) :

- a) Menstrual cycle.
- b) Adenomyosis.
- c) Cervical erosion.
- d) Genital Tuberculosis.
- e) Natural Family Planning method's.
- f) Hysteroscopy.

3. Write short answer (any four out of six) :

- a) Define Polymenorrhoea and write two remedies for it with indications.
- b) Define Menopausal Syndrome and write two remedies for it with indications.
- c) Define DUB and write two remedies for it with indications.
- d) Define Polyp and explain Thuja and Hydrocotyle for it.
- e) Define Pruritus Vulvae and give indication's of Graphites and Ca for it.
- f) Define senile vaginitis and give indication's of four remedies for it.

4. Long answer question (any two out of four) :

- a) Define Dysmenorrhoea its types, clinical Presentation, Diagnosis and Homoeopathic management for it.
- b) Define Endometriosis, it's common sites, Pathogenesis, clinical features and role of Graphites and Lachesis for it.
- c) Define Genital tract injuries, it's aetiology, clinical features with indications of two homoeopathic remedies for it.
- d) Define Prolapse, its aetiology, clinical types and role of Murex, Podophyllum and Sepia for it.

04312A

g answer question (any one from Q.No. 5, 6 and 7)

Define Amenorrhoea its types aetiology, investigations and role of Agnus castus, Lycopodium, Pulsatilla and Sepia for it. [1 × 20 = 20]

Discuss Intrauterine Contraceptive device with types, mode of action, contraindications, Advantages, Disadvantages and Complications.

[1 × 20 = 20]

Define Fibroid its causes, clinical features and role of Graphites, sabina, kreosotum, phosphorus and Silicea for it. [1 × 20 = 20]

THIRD BHMS (2015)
Examination, Summer (Phase - II) 2019
OBSTETRICS, INFANT CARE AND HOMOEOPATHIC
THERAPEUTICS - II

Total Marks : 100

Total Duration : 3 Hours

- Instructions :**
- 1) Use **blue/black** ball point pen only.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

Write short answer (any ten out of fifteen) :

[10 × 2 = 20]

- a) Placenta succenturiata.
- b) Fertilization.
- c) Name signs of pregnancy in the first trimester.
- d) Define prolonged labour and hasty labour.
- e) Moulding.
- f) Retained placenta.
- g) Write 4 functions of amniotic fluid.
- h) Kernicterus.
- i) Obstetrics grip.
- j) Apgar score.
- k) Gelsemium in delayed labour.
- l) Name 4 remedies for nausea vomiting at smell and sight of food in hyperemesis gravidarum.
- m) Define ophthalmia neonatorum & name 2 remedies for it.
- n) Indications of Ferrum met in anaemia during pregnancy.
- o) Helonias in pre eclampsia.

2. Write short answer (any four out of six) :

- a) Missed abortion.
- b) Functions of placenta.
- c) Tubectomy.
- d) Define preterm infant and write its clinical features.
- e) Abruptio placenta.
- f) Breast feeding.

3. Write short answer (any four out of six) :

- a) Role of Lecithin and Urtica urens in agalactia.
- b) Indications of Phosphorus and Acetic acid in diabetes during pregnancy.
- c) Indications of 2 drugs for threatened abortion.
- d) Role of Cimicifuga and Caulophyllum in false labour pains.
- e) Indications of Pulsatilla and Kali carb in delayed labour.
- f) Indication of Pyrogen in puerperal sepsis.

4. Long answer question (any two out of four):

- a) Define Ante natal care, what are its aims and objectives, give indications of Nux vomica and Collinsonia in piles during pregnancy.
- b) Define post partum haemorrhage, what are its types, give indications of Belladonna, Secale cor and Trillium pendulum for the same.
- c) Define episiotomy, write its types, indications and procedure in detail.
- d) Define asphyxia neonatorum. Write indications of 2 drugs for it.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Define pre-eclampsia. Write its clinical features, investigations, clinical features and complications. Give indications of Apis and Veratrum viride for eclampsia. [1 × 20 =
6. Define puerperal psychosis, write the indications of Hyoscyamus, Cimicifuga, Pulsatilla and Veratrum album for the same. [1 × 20 =
7. Define eclampsia, write its clinical features, complications in detail. Give indications of Cicuta and Cuprum met for the same. [1 × 20 =

I. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) Argentum Nitricum for Ophthalmia Neonatorum.
- b) Four remedies for convulsions in new born
- c) Hydrastis for Vaginitis.
- d) Four remedies in Retained Placenta.
- e) Four remedies for nausea vomiting at the smell and sight of food in hyperemesis gravidarum.
- f) Erigeron for Placenta Praevia.
- g) Bryonia for Mastitis.
- h) Enumerate 2 remedies for adherent placenta.
- i) Iodium for leucorrhoea.
- j) Alumina for Pica during Pregnancy.
- k) Borax for Leucorrhoea.
- l) Phytolacca for Galactorrhoea.
- m) Four remedies for false labour Pain.
- n) Gelsemium for atonic uterus.
- o) Thuja for chocolate cyst of Ovary.

2. Write short answer (any four out of six):

- a) Role of Belladonna and Apis Mellifica in Toxaemia of Pregnancy.
- b) Indications of Sepia and Murex for prolapse of uterus.
- c) Role of Sulphur and Caladium in Pruritus Vulvae.
- d) Role of Lachesis and Graphites in Climaxis.
- e) Role of Natrum sulph and Arnica in head injury in Neonates.
- f) Role of Silicea and Cantharis in Hydatidiform mole.

3. Write short answer (any four out of six):

- a) Role of Rhus tox and Apis mellifica for Pelvic Abscess.
- b) Role of Baptisia and Pyrogen in Puerperal fever.
- c) Indications of two remedies for Senile Vaginitis.
- d) Role of Arsenicum Album and Conium for Cervical erosion.
- e) Role of Nitric Acid and Hamamelis in PPH.
- f) Role of Cicuta and Helleborus Niger in convulsions in newborn infant.

4. Long answer question (any two out of four):

- a) Define Episiotomy, what are its indications and types and give indications of 2 remedies for Perineal tear.
- b) Indications of 2 remedies for Jaundice in new born.
- c) Define Fibromyoma of uterus and give indications of Medorrhinum and Sabina for the same.
- d) Define normal labour and write indications of Gelsemium and Caulophyllum for false labour Pains.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Define Uterine Prolapse and give detail knowledge of following drugs in it
[1 × 20 = 20]

- a) Aurum mel.
- b) Collinsonia.
- c) Lilium tig.
- d) Podophyllum.

6. Define Infertility and give detail working knowledge of following drugs in it
[1 × 20 = 20]

- a) Nat Carb
- b) Borax
- c) Thuja
- d) Platina.

7. Define Asphyxia Neonatorum and give detail working knowledge of following drugs
[1 × 20 = 20]

- a) Antim tart.
- b) Carbo Veg.
- c) Arnica.
- d) Laurocerasus.

Third B.H.M.S. (New) Examination, Winter 2018
OBSTETRICS AND GYNAECOLOGY – III

Total Marks : 100

Duration : 3 Hours

- Instructions :**
- 1) Use blue/black ball point pen only.

 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

1. Write short answer (any ten out of fifteen) :

[10 × 2 = 20]

- a) What is constitution and Diathesis.
- b) Write two characteristic symptoms of Hepar sulph.
- c) Mention two characteristic symptoms of Ferrum phos.
- d) Write the two Respiratory symptoms of Spongia.
- e) Mention two characteristic symptoms of Kali mur.
- f) Mention two characteristic symptoms of Kali sulph.
- g) Mention two eye symptoms of Euphrasia.
- h) Mention two Gastrointestinal symptoms of Colchicum.
- i) Mention two characteristic symptoms of Bufo rana.
- j) Mention two urinary symptoms of Benzoic acid.
- k) Mention two Characteristic symptoms of Calcarea ars.
- l) Mention two characteristic symptoms of Conium.
- m) Mention two characteristic symptoms of Berberis vulgaris.
- n) Mention two characteristic symptoms of Cannabis sativa.
- o) Mention two Characteristic symptoms of Helliborus.

2. Write short answer (any four out of six):
- a) Ruta - Injury
 - b) China - Fever
 - c) Nuxvomica - Gastrointestinal symptoms
 - d) Drosera - Respiratory symptoms
 - e) Gelsemium - Fever
 - f) Aethusa - Child

3. Write short answer (any four out of six):
- a) Acetic acid - Dropsy
 - b) Aurum met - Mind
 - c) Opium - Fever
 - d) Cyclamen - Female
 - e) Kali bich - Respiratory symptoms
 - f) Ammonium mur - Female affections

4. Long answer question (any two out of four):
- a) Compare and Contrast skin of Petroleum and Graphites.
 - b) Compare the Mind of Ignatia and Hyoscamus.
 - c) Guiding symptoms of Thuja.
 - d) Guiding symptoms of Carbo veg.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Describe in detail the Drug picture of Platina. [1 × 20 = 20]
6. Describe the Group symptoms of Carbon and explain the Drug Picture of Ammonium Carb in detail. [1 × 20 = 20]
7. Describe in detail the Drug picture of Aconite in detail. [1 × 20 = 20]

Third B.H.M.S. (New) Examination, Summer (Phase-II) 2019
HOMOEOPATHIC MATERIA MEDICA

Total Marks : 100

Total Duration : 3 Hours

- Instructions :
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion** of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.

- a) Describe GI symptoms of Nux Vomica.
- b) Bryonia Alba-Rheumatism.
- c) Arnica Montana-Injury.
- d) Arsenic Album-Respiratory complaints.
- e) Baptasia-Fever.
- f) Actea Racemosa in Menstrual disorders.

P.T.O.

3. Answer the following questions (any four out of six) :

- a) Equisetum-Urinary complaints.
- b) Baryta Carb-Baby.
- c) Cuprum Met-Epilepsy.
- d) Pulsatilla-Female reproductive tract affections.
- e) Petroleum-Skin affections.
- f) Lycopodium-GIT affections.

LAQ

4. Long answer questions (any two out of four) :

- a) Compare and contrast Cantharis and Berberis vulgaris in urinary complaints.
- b) Compare Alumina and Kreosotum in Leucorrhoea.
- c) Compare Graphitis and Hepar sulph in skin complaints.
- d) Compare Chamomilla and Ammonium carb-Baby.

Long answer questions (any One from Q. No. 5, 6, and 7) :

5. Write drug picture of Rhus-tox under following.

- a) Introduction
- b) Constitution
- c) Guiding symptoms
- d) Musculoskeletal affections and fever

6. Write drug picture of Calcarea Carb under following headings.

- a) constitution
- b) Modalities
- c) Mental guiding symptoms
- d) Respiratory and gastrointestinal symptoms

7. Write drug picture of Nat-mur.

- a) Constitution
- b) Guiding symptoms
- c) Modalities
- d) Head and fever

Third B.H.M.S. (New) Examination, Winter - 2020
ORGANON OF MEDICINE

Total Marks : 100

Total Duration : 3 Hours

- Instructions :
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks.**
 - 5) Draw diagrams **wherever necessary.**
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

Write short Answer (any ten out of fifteen) :

[10 × 2 = 20]

- a) Define maintaining cause.
- b) State Nature's Law of cure.
- c) Define mission.
- d) What is pass?
- e) Define idiosyncrasy.
- f) Define accessory symptoms.
- g) Who is considered to be an ideal prover and why?
- h) State aphorism no.2.
- i) State 4 characteristic symptoms of Sycosis.
- j) State 10th observation of Dr. Kent.
- k) What is complementary medicine?
- l) What is Status Quo?
- m) Define susceptibility.
- n) What is Killer's aggravation?
- o) State the types of Acute Miasm.

2. Write short answer (any four out of six) :
- a) Preserver of Health.
 - b) Brousseau's mode of treatment.
 - c) Modus Operandi of Cure.
 - d) Knowledges of physician.
 - e) Drug Proving.
 - f) Management of One-sided Diseases.

3. Write short answer (any four out of six) :
- a) Theory of Chronic Miasms.
 - b) Constitution.
 - c) Skin manifestations of Psora.
 - d) Second Best Remedy.
 - e) Totality of symptoms.
 - f) Qualified Mental Symptom.

4. Long answer question (any two out of four) :
- a) Case Taking.
 - b) Explain Record Keeping according to Dr. Kent.
 - c) Explain the concept of Sick as per Dr. Kent.
 - d) Discuss Analysis of Case according to Dr. Robert.

Long answer question (any one from Q. No. 5, 6 and 7)

- 5. Explain Classification of Diseases according to Dr. Hahnemann. [1 × 20 = 20]
- 6. Discuss the nature, types and management of Intermittent diseases. [1 × 20 = 20]
- 7. Explain the concept of Logic according to Dr. Close. [1 × 20 = 20]

Third B.H.M.S. (Old) Examination, Summer (Phase - II) 2019
ORGANON & HOMOEOPATHIC PHILOSOPHY - II

Total Marks : 100

Total Duration : 3 Hours

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks.**
 - 5) Draw diagrams **wherever necessary.**
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

[10 × 2 = 20]

Write short answer (**any ten** out of fifteen):

- a) Who has given the idea of concomitant symptoms?
- b) Write down the Hering's Law of Cure.
- c) Define Organon.
- d) Birth Date & Birth Place of Dr. J. T. Kent.
- e) Who has given the idea of Complete Symptoms?
- f) What do you mean by law of simplex?
- g) Axiom of Homoeopathy.
- h) Word meaning of the term "Mission".
- i) Write down aphorism "1".
- j) Define "Prima Cause Morbi".
- k) Define Totality of Symptoms.
- l) Write aphorism 2.
- m) Define Materia pecans.
