

Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
REPERTORY

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use *blue/black* ball point pen only
 - 2) Do not write anything on the *blank* portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) All questions are *compulsory*.
 - 4) The number to the *right* indicates *full* marks.
 - 5) Draw diagrams *wherever* necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) ;

[10 × 2 = 20]

- a) What is word repertory means?
- b) What is Keynote symptom?
- c) What is mean by Clinical repertory?
- d) Give four examples of mechanically aided repertory.
- e) What is general symptom?
- f) Define deductive logic with one example of repertory.
- g) What is mean by cross reference?
- h) Define hunting of rubric.
- i) Define concordance repertory.

- j) What is repertorial syndrom?
- k) Define eliminating symptom.
- l) What is alphabetical repertory? Give two examples.
- m) Define Rubric and Sub Rubric.
- n) Give four examples of card repertory.
- o) Write any two objectives of case taking.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Compare Rubrics Buffoonery and Stupidity.
- b) Boger's Synoptic key.
- c) Intermittent fever.
- d) Compare and contrast rubrics - Complaining vs. Lamenting.
- e) Bell's Diarrhoea.
- f) Compare and contrast rubrics-Busy vs Industrious.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Describe theory of grand generalization.
- b) Explain casetaking in Unconscious patient.
- c) Describe Knerr's Concordance repertory.
- d) Explain in detail the plan and construction of synthesis repertory.
- e) What are the difficulties in taking chronic case?
- f) Explain in detail RADAR.

4. Long answer question (any two out of four) :

- a) Describe in detail the relation of Repertory with HMM and Organon of Medicine.
- b) Write down the Methods and Techniques of Repertorization.
- c) Describe the history and evolution of repertory.
- d) Write down the classification of repertories in detail with two examples of each.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Describe history, Philosophy, Sources Plan and construction and scope of BBCR in detail. [1 × 20 = 20]
6. Describe TPB in respect of its History, Philosophy, Sources, Plan and Construction with scope in detail. [1 × 20 = 20]
7. Describe Kent's repertory with its History, Philosophical background, Sources Plan and Construction with its scope and limitation in detail. [1 × 20 = 20]

Write Record keeping with following aspects :
Definition, Methods of Record keeping, Advantages and Disadvantages. (2×10=20)

6. Write any two out of four :

- Bell's Diarrhoca
 - Rubric differentiation - Dullness and Loss of Memory.
 - History of Clinical Repertory with scope and limitations.
 - Describe computer repertory with example.
-

Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
HOMOEOPATHIC MATERIA MEDICA - I

Duration : 3 Hours

Total Marks : 100

- Instructions :
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

Write short answer (any ten out of fifteen) :

[10 × 2 = 20]

- a) Write the symptoms of vomiting of Aethusa Cynapeum.
- b) Write the modalities of Drossera.
- c) Write two Biochemic indications of Calcarea phosphorica.
- d) Write two keynote symptoms of Aconitum Napellus.
- e) Write the characteristic symptoms of Haemorrhoids of Aloe.
- f) Write two keynote symptoms of Kali sulphuricum.
- g) Write two characteristic modalities of Ledum palustre.
- h) Write the common name and family of Hyoscyamus Niger.
- i) Write the characteristics of Urine of Benzoic Acid.

04805

Long answer question (any one from Q. No.5, 6 and 7) :

5. Write in detail about rabies with respect to epidemiological determinants, clinical presentation, diagnosis, treatment and prevention. [1 × 20 = 20]
6. Define nutrition and classification of foods. Enumerate various nutritional problems in public health. [1 × 20 = 20]
7. Define infant mortality rate, enumerate factors affecting infant mortality and prevention of the same. [1 × 20 = 20]

- j) Write two Guiding Indications of Sulphuric Acid.
- k) Write two keynotes of *Caladium seguinum*.
- l) Write two keynotes symptoms of *Agnus castus*.
- m) Write the common name and family of *Croton tigris*.
- n) Write the two keynotes modalities of *Kali Carb.*
- o) Write the Characteristics of Pain of opium.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Describe the Mind symptoms of *Chamomilla*.
- b) Describe the different types of Homoeopathic Materia Medica.
- c) Describe the Modalities of *Bryonia*.
- d) Describe the Biochemic indications of *Calcarea fluorica*.
- e) Describe the indications of *Antim. Tart* in Respiratory tract affections.
- f) Describe indications of *Ruta* in Rheumatic Affections.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Describe the skin symptoms of *Kali Brom.*
- b) Describe the guiding indications of *Alumina*.
- c) Describe indications of *Baryta carb* in Tonsillitis.
- d) Describe the Modalities of *Natrum Carb.*
- e) Describe the Physical generals of *Sepia*.
- f) Describe the Gastrointestinal complaints of *Veratrum Album*.

Fourth B.H.M.S. (Old) Examination, Summer (Phase - II) 2019
HOMOEOPATHIC MATERIA MEDICA - II

Total Marks : 100

Total Duration : 3 Hours

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**

As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen): [10 × 2 = 20]
- a) Write character of Tongue & Thirst of Mercurius sol.
 - b) Write Common name and source of Variolinum.
 - c) Define Homoeopathic Materia Medica.
 - d) Write character of stool in Aloe Soc.
 - e) Write general modalities of Causticum.
 - f) Write character of pain in Apis mel.
 - g) Write any two examples of picture type of Materia Medica.
 - h) Write "Trio of pain remedies" according to Nash.
 - i) Write character of Leucorrhoea in Borax.
 - j) Write character of haemorrhage in Ferrum phos.
 - k) Write character of tongue in Taraxacum.
 - l) Write common name & source of X-Ray.
 - m) Write Vertigo of Theridion.
 - n) Write character of Haemorrhage in Millifolium.
 - o) Write common name & source of Tarentula Cubensis.

2. Write short answer (any four out of six):
- a) Physical general of Antim Crudum.
 - b) Guiding indication of Lachesis.
 - c) Biochemic indication of Calcarea Phos.
 - d) Modalities of Rhododendron.
 - e) Physical generals of Spigelia.
 - f) Guiding indication of Phosphoric acid.

[4 × 5 = 20]

3. Write short answer (any four out of six):
- a) Podophyllum - In Diarrhoea.
 - b) Colocynthis - In abdominal Colic.
 - c) Sabina - In Female affection.
 - d) Syzygium jambolanum - In Diabetes Melitus.
 - e) Vipera - In Paralysis.
 - f) Mezerium - In Eczema.

4. Long answer question (any two out of four):
- a) Compare & Contrast - Arnica & Baptisia in Fever.
 - b) Compare and Contrast Lycopodium & Berberis vulgaris in Renal colic.
 - c) Compare & Contrast Rheum and chamomilla in Baby.
 - d) Compare and contrast Abrotanum and Sanicula in Marasmus.

[2 × 10 = 20]

Long answer question (any one from Q. No. 5, 6 and 7):

5. Describe in brief:
- a) Any Two sources of Homoeopathic Materia Medica.
 - b) Any Two types of Hom. Materia Medica with Examples.
 - c) Any two different ways of Studying Hom. Materia Medica.
 - d) Any two scope & limitations of Hom. Materia Medica.

[1 × 20 = 20]

04402B
[1 × 20 = 20]

6. Write Drug picture of Nux Vomica under following heads:

- a) Introduction
- b) Constitution
- c) Guiding Symptoms
- d) Important particulars with modalities

7. Write Drug picture of Psorinum under following heads:

[1 × 20 = 20]

- a) Introduction
- b) Constitution
- c) Guiding Symptoms
- d) Important modalities

Fourth B.H.M.S. (New) Examination, Winter 2018
HOMOEOPATHIC MATERIA MEDICA – II

Total Marks : 100

Duration : 3 Hours

- Instructions :
- 1) Use blue/black ball point pen only.
 - 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) All questions are compulsory.
 - 4) The number to the right indicates full marks.
 - 5) Draw diagrams wherever necessary.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

(10×2=20)

Write short answer (any ten out of fifteen) :

- a) Define inimical remedy.
- b) Headache ceases during menses returns when flow disappear indicate which remedy.
- c) Write name of two remedy for complaints cause due to anticipatory fear.
- d) Write temperament of chamomilla.
- e) Write injury of ledum-pal.
- f) Write character of tongue of Antimonium-crud.
- g) Write four important bio-chemic indication of silicea.
- h) Write name of two remedy for hemorrhage resulted due to fibroid.
- i) Which remedy is commonly known as sea-onion ?
- j) Write complementary remedy of sabina.
- k) Write four indication of mezerium in skin disease.
- l) Write four indication of coffea in toothache.
- m) Write name of four remedy for intermittent fever.
- n) Write two indication of crataegus in heart affection.
- o) Write indication of bellis-per in injury.

04802 B

2. Write short answer (any four out of six) :

- a) Physical generals of *Iac-can.*
- b) Bio-chemic indication of *calc-phos.*
- c) Physical general of *argentum-nit.*
- d) Write in detail modalities of *cina.*
- e) Guiding indication of *magnesia-carb.*
- f) Guiding indication of *pyrogenum.*

(4)

3. Write short answer (any four out of six) :

- a) Explain in detail abdominal colic of *colocynthis.*
- b) Describe bronchitis in *Ipecac.*
- c) Write therapeutic indication of *apis-mal* in renal failure.
- d) Describe chest complaints of *Ranunculus-bulb.*
- e) Write intermittent fever in *cedron.*
- f) Explain hemorrhage in *crocus-sativa.*

(4x5)

4. Long answer question (any two out of four) :

- a) Compare *hydratis* and *kali-bich* in respiratory complaints.
- b) Compare *eupatorium* and *china* in fever.
- c) Compare *Arnica* and *Cedron* enteric fever.
- d) Compare *Sili cea* and *psorinium* in abscess.

(2x10=)

Long answer question (any one from Q. No. 5, 6 and 7)

5. Long answer question :

- a) Explain different way to study *materia medica.*
- b) Explain different sources of *materia medica.*
- c) Explain scope of *materia medica.*
- d) Explain limitation of *materia medica.*

(1x20=20)

6. Long answer question :

Describe drug picture of *Nux-vomica* :

- a) constitution
- b) guiding symptoms
- c) mental symptoms
- d) modalities.

(1x20=20)

7. Long answer question :

Describe drug picture of *Psorinum* :

- a) constitution
- b) guiding symptoms
- c) mental symptoms
- d) modalities.

(1x20=20)

Fourth B.H.M.S. (New) Examination, Winter 2017
HOMOEOPATHIC MATERIA MEDICA – II

Total Marks : 100

Total Duration : 3 Hours

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not write anything on the blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.

As it is only for the placement sake, the distribution has been done.

(10×2=20)

1. Write short answer (any ten out of fifteen) :
- a) Write down character of stool of Arnica Montana.
 - b) Describe cough of Justicia Adhatoda.
 - c) Headache of silicea.
 - d) Describe baby of Cina.
 - e) Toothache of clematis.
 - f) Female complaints of carica papaya.
 - g) Haemorrhoids of Rathania.
 - h) Injury of ledum pal.
 - i) Skin complaints of condurango.
 - j) Definition of Homoeopathic Materia Medica.
 - k) Haemorrhage of Millefolium.
 - l) Tongue of Nux Vomica.
 - m) Describe coryza of Allium Cepa.
 - n) Cough of Mephites Putorius.
 - o) Ulcers of Fluoric acid.

P.T.O.

04802 B

2. Write short answer (any four out of six) :

- a) Epilepsy of *Cicuta Virosa*.
- b) Headache of *Sanguinaria*.
- c) Mentals of *Apis Mel*.
- d) Write down physical general symptoms of *Aethusa Cynapium*.
- e) Respiratory symptoms of *Stannum met*.
- f) Write down *Euphrasia-Eye*.

(4×5=20)

3. Write short answer (any four out of six) :

- a) Female complaints of *Crocus Sativus*.
- b) *Rauwolfia* in Hypertension.
- c) Respiratory complaints of *Bacillinum*.
- d) GIT complaints of *Argentum Nitricum*.
- e) Write down physical general symptoms of *China*.
- f) *Antimonium Crud* GIT.

(4×5=20)

4. Long answer question (any two out of four) :

- a) Colic of *Colocynthis* and *Dulcamera*.
- b) GIT complaints of *Abies can* and *Abies Nigra*.
- c) Skin complaints of *Anthracinum* and *Hydrocotyle*.
- d) Respiratory complaints of *Antim tart* and *Ipecac*.

(2×10=20)

Long answer question (any one from Q. No. 5, 6 and 7)

5. Long answer question :

(1×20=20)

What is constitution ? Describe the types of constitution. What is the different approaches to study Hom. Materia Medica ? Write down the limitations of Hom. Materia Medica.

i. Long answer question :

(1×20=20)

Describe drug picture of *Aconitum Napellus*.

. Long answer question :

(1×20=20)

Describe drug picture of *Coffea Cruda*.

- d) Caulophyllum - dysmenorrhoea
- e) Murex - Prolapse of uterus
- f) Tabacum - nausea
- g) Satnnum met - cough
- h) Hypericum - ailments from
- i) Carcinosisin - constitution
- j) Cicuta - skin
- k) Magneseum carb - dysmenorrhoea
- l) Oxalic acid - acidity
- m) Plumbum met - constipation
- n) Variolinum - clinical case
- o) Sanicula - source of remedy.

04402 B

2. Write short answer (any four out of six) :

- a) Gioncine - headache
- b) Benzoic acid - urinary complaints
- c) Antimony ars - asthma
- d) Capsicum - dysentery
- e) Blatta orientalis - asthma
- f) Ratahnia - haemorrhoids.

3. Write short answer (any four out of six) :

- a) Abies nigra - gastric complaints
- b) Cuprum met - cough
- c) Phosphoric acid - diarrhoea
- d) Raphanus - gastric complaints
- e) Radium brom - malignancy
- f) Thyroidinum - Clinical use.

(LAQ)

4. Long answer questions (any two out of four) :

- a) Tabaccum - guiding symptoms
- b) Staphysagria - mentals
- c) Zincum metallic - guiding symptoms
- d) Cannabis indica - mentals.

Long answer question (any one from Q. No. 5, 6 and 7) :

(Four parts of each question subject-wise, 4x5=20 Marks)

5. Long answer question

Write the drug picture of Medorrhinum under following headings :

- a) Introduction and ailments from
- b) Guiding symptoms
- c) Mentals
- d) Important particulars.

Fourth B.H.M.S. (2015) Examination, Summer
Phase - III All Other Remaining UG/PG Courses) - 2020
COMMUNITY MEDICINE

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) *Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.*

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]
- a) Define Health by WHO.
 - b) Explain Difference between Food additives and Food fortification.
 - c) Rates and Ratios.
 - d) Causative organism and Mode of transmission of Measles.
 - e) Classification of Hypertension.
 - f) Define Demography.
 - g) Sources of Proteins.
 - h) Essential Fattyacids.
 - i) Mosquito borne diseases.

- j) What is GOBI?
- k) Write 3 signals of poor mental health.
- l) Define Communication.
- m) Functions of FAO (Food and Agricultural Organization)
- n) Epidemic, Endemic and Sporadic Diseases.
- o) Diseases Transmitted by rodents.

[4 × 5 = 20]

2. Write short answer (any four out of six) :

- a) Agent Factors.
- b) Clinical features of Rheumatic Heart Disease.
- c) Hazards of Obesity.
- d) Sources of Water Supply.
- e) Overcrowding.
- f) Bore Hole Latrine.

[4 × 5 = 20]

3. Write short answer (any four out of six) :

- a) Aims and uses of Epidemiology.
- b) Clinical features of Diphtheria.
- c) BCG Vaccine.
- d) Mode of transmission of Hepatitis B.
- e) Adulteration of Food.
- f) Work of World Health Organization.

44015

4. Long answer question (any two out of four) : [2 × 10 = 20]
- Define Coronary Heart Diseases, write Risk factors and Prevention.
 - What are Occupational Diseases? Write occupational Hazards of Agriculture Workers.
 - What are Contraceptive Methods? Write in detail about Barrier Methods.
 - Write Role of Homoeopathic Medicine as Preventive Medicine.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Write Dynamics of Disease Under following headings : [1 × 20 = 20]
- Source and Reservoir.
 - Mode of Transmission.
 - Incubation period and its importance.
 - Host factors.
6. Write Dengue Syndrome under : [1 × 20 = 20]
- Classical Dengue Fever.
 - Dengue hemorrhagic Fever.
 - Clinical and laboratory diagnosis.
 - Prevention and control.
7. Write Infant Mortality Rate Under : [1 × 20 = 20]
- Definition.
 - Causes.
 - Under Five Clinic.
 - Prevention and control of the same.

[Total No. of Pages : 2]

As it is only for the placement sake, the distribution has been done.*

I. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) Responsibility of health
- b) Define incidence and give its formula
- c) Define "lead time".
- d) Lepromin test
- e) 4 common causes of blindness
- f) What does GOBI stand for?
- g) Target couple-explain
- h) Any 4 objectives of neonatal care
- i) Visible and Invisible fats
- j) Define safe and wholesome water
- k) Name 4 occupational cancer
- l) Define Eugenics and its types.
- m) Any 4 causes of mental illhealth
- n) Name any 4 vital events
- o) Folk media

2. Write short answer (any four out of six) :
- a) Define health and explain various modes of interventions.
 - b) Write in detail about epidemiological determinants and screening for diabetes.
 - c) Define solid wastes and explain methods of disposal.
 - d) Write in brief about primary health centre.
 - e) Define drug abuse. Explain with reference to agent, host, environment and prevention.
 - f) Define screening. Mention its types and uses.

[4 × 5 = 20]

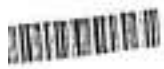

3. Write short answer (any four out of six):
- a) Compare and contrast Case control study and Cohort study.
 - b) Discuss in detail about AIDS with respect to agent factor, host factor, mode of transmission and control.
 - c) Write the components and types of communication.
 - d) Write in detail about WHO.
 - e) Discuss in brief about National rural health mission.
 - f) Mention the various sources of health information and discuss various methods of presenting data.

4. Long answer question (any two out of four):
- a) Define Ergonomics. Discuss in detail occupational diseases and its prevention.
 - b) Mention risk factors for hypertension and its prevention in detail.
 - c) Discuss in detail various factors influencing fertility. Elaborate various natural and terminal methods of contraception.
 - d) Discuss in detail role of Homoeopathy in prevention of diseases through constitutional, specific and anti miasmatic remedies.

[2 × 10 = 20]

Long answer question (any one from Q. No. 5, 6 and 7)

- 5. Write in detail about tuberculosis with respect to its natural history and control. Add a note on BCG vaccination and DOTS. [1 × 20 = 20]
- 6. Define epidemiology and classify various epidemiological studies. Discuss descriptive epidemiology in detail. [1 × 20 = 20]
- 7. Define nutrition. Classify food and write in detail about food borne diseases. Add a note about Lathyrism and its prevention. [1 × 20 = 20]

Fourth B.H.M.S. (New) Examination, Summer 2018
COMMUNITY MEDICINE

Total Marks : 100

As it is only for the placement sake, the distribution has been done.

(10x2=20)

1. Write short answer (any ten out of fifteen) :
 - a) Mention four Modes of Direct Transmission.
 - b) Mode and time of administration of MMR vaccine.
 - c) Define Incidence and write two uses.
 - d) Mention any four investigations in diabetes mellitus.
 - e) Any four complications of Mumps.
 - f) Iceberg Phenomenon of Disease.
 - g) Mention any four side effects of Hormonal contraceptives.
 - h) Functions of Health Communication.
 - i) Mention any 4 sources of health information.
 - j) Any four functions of Primary Health Centre.
 - k) Iodine Deficiency disorders.

(10)

0-1805

- l) Criteria for risk mother during ANC.
- m) Mention any four effects of Radiation.
- n) Trace elements.
- o) Enumerate three steps in Planning.

2. Write short answer (any four out of six) :

(4x5=20)

- a) Association And Causation.
- b) Write Procedures in Descriptive Studies. Add note on uses of Descriptive Epidemiology.
- c) Epidemiological triad, diagnosis, Control and Prevention of Tetanus.
- d) Mention various types of accidents. Add a note on Domestic Accidents – Causes, Risk Factors and Prevention.
- e) Adverse Events after Vaccination.
- f) Notification of Diseases.

3. Write short answer (any four out of six) :

(4x5=20)

- a) Primary Health Care.
- b) Natural History of Disease.
- c) Thiamine- Sources, Functions, Thiamine losses, Deficiency Disorders.
- d) Mention the environmental factors, Signs and Symptoms, Control and Prevention of Drug addiction.
- e) UNICEF
- f) ESI Act.

4. Long answer question (any two out of four) :

(2x10=20)

- a) Write in detail the epidemiological Determinants, High Risk Patients, Clinical Manifestation, Prevention and Control in Dengue.
- b) Neonatal care and neonatal examination.
- c) Epidemiological Determinants risk factor, hazards and assessment of Obesity.
- d) Role of Homeopathy in Community Medicine.

Long answer question (any one from Q. No. 5, 6 and 7) :

5. Long answer question :

(1x20=20)

Write in detail epidemiological determinants, clinical features, diagnosis, control and prevention of AIDS. Add a note on National AIDS control programme.

Long answer question :

(1x20=20)

Define Balanced Diet and write about the Dietary Goals. Also mention sources, functions and supplementary action of proteins and add a note on PEM and Mid day meal programme.

Long answer question :

(1x20=20)

Mention various air pollutants, their health hazards, prevention and control in detail. Also mention various water pollutants, water related diseases, prevention and control of the same in detail.

As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

(10x2=20)

- a) Preventive methods for poliomyelitis.
- b) Mantoux test.
- c) What are fomite-borne diseases ? Name any 2 of them.
- d) Epidemiological triad.
- e) What is rule of halves ?
- f) Write barriers in health education.
- g) Mention vaccines administered at the time of birth.
- h) Hormonal contraceptives.
- i) Define maternal mortality.
- j) What is ASHA ?
- k) Ideal well.
- l) Dietary supplements during pregnancy.
- m) What do you mean by low birth weight babies ?
- n) ESI Act.
- o) Endemic dropsy.

P.T.O.

04805

2. Write short answer (any four out of six) :
- Explain Dynamics of disease transmission.
 - Compare case control and cohort study.
 - Clinical features of Chickenpox.
 - Write about the warning signs and screening of cancer.
 - Hazards of immunization.
 - Various methods of presentation of data.

(4×5=20)

3. Write short answer (any four out of six) :
- Health for all.
 - Spectrum of health and disease.
 - Lathyrism.
 - Causes of mental illhealth and its prevention.
 - UNICEF.
 - Silicosis and its prevention.

4. Long answer question (any two out of four) :

(2×10=20)

- Write epidemiology of plague and its control measures.
- What is meant by family planning? A newly married couple comes to you, who does not want to have a child for two years, discuss the methods you will advice.
- Discuss epidemiology, control and prevention of Diabetes.
- Scope of Homoeopathy in epidemics.

Long answer question (any one from Q. No. 5, 6 and 7) :

5. Long answer question :

Describe the epidemiology of AIDS in detail with respect to its agent, host, mode of transmission, clinical presentation and control.

(1×20=20)

6. Long answer question :

Define demography, write in detail demographic cycle. Mention the effects of population explosion and add a note on MTP Act.

(1×20=20)

- Long answer question :

Enumerate the objectives of ANC, discuss in detail under fives' clinic. compare breast feeding vs artificial feeding.

(1×20=20)

As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

[10 × 2 = 20]

- a) State §1.
- b) State the founder & principle of Isopathy.
- c) Mention four properties of Ideal Cure.
- d) State the types of acute miasms.
- e) Define exciting cause and give an example of the same.
- f) Define primary & secondary action.
- g) What do you understand by dynamis?
- h) What is prima causa morbi?
- i) What are surrogates?

- j) Define medicine.
- k) State the classification of acute diseases.
- l) What do you understand by Genus epidemicus?
- m) Define alternating disease.
- n) What is theoretic medicine?
- o) Define homoeopathic aggravation.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Totality of Symptoms.
- b) Inappropriately named chronic diseases.
- c) Indisposition.
- d) Unprejudiced Observer.
- e) Suspended Animation.
- f) Knowledge of disease.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Explain Homoeopathic view of Specific remedy.
- b) Mesmerism.
- c) Explain indication of imperfect remedy.
- d) Homoeopathic aggravation.
- e) Massage.
- f) What advise given by Dr. Hahnemann about external application?

44013 A

4. Long answer question (any two out of four) :

[2 × 10 = 20]

- a) Explain third point of business of Homoeopathic Physician.
- b) Mental Diseases.
- c) Alternating Diseases.
- d) One-sided Diseases.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Define intermittent diseases. Add a note on its types & management.

[1 × 20 = 20]

6. Define drug proving and describe in details the do's and dont's of drug proving as mentioned by Dr. Hahnemann.

[1 × 20 = 20]

7. Describe in details about vital force in health, cure & recovery and add a note on its properties.

[1 × 20 = 20]

 - m) Define anxiety neurosis.
 - n) Define vitiligo and its etiology.
 - o) Write any four clinical features of impetigo.

P.T.O

04801 B

2. Write short answer (any four out of six) :

- Write in short renal rickets.
- Write complications and management of snake bite.
- Write in short depression.
- What is Ichthyosis ? Write in brief.
- What is Hemophilia ? Explain in short.
- Write in brief cardiac tamponade.

3. Write short answer (any four out of six) :

- Write Bell's palsy in short.
- What is syphilis ? Write in brief.
- Write about molluscum contagiosum.
- Write about bed wetting in child.

Spelling mistakes e) Write indications of Liver function test and its findings. *indications*

f) Write in short swan neck deformity.

4. Long answer question (any two out of four) :

- Write down the causes and clinical features of lichen planus.
- Define nephrotic syndrome, write its etiology and clinical features in detail.
- Describe asphyxia neonatorum in detail.
- Describe cardiomyopathy in detail.

Long answer question (any one from Q. No. 5, 6 and 7) :

5. Long answer question :

What is epilepsy ? With its, etiology and types, clinical features, investigations and general management. (1x2)

6. Long answer question :

Describe ischemic heart disease with its, etiology, clinical features, investigations and general management. (1x2)

7. Long answer question :

Describe rheumatoid arthritis with its, etiology, clinical features, investigations and general management. (1x2)

(4x5=20)

Write short answer (any four out of six) :

- Write indication of Drosera in Whooping Cough.
- Write indication of Podophyllum in Diarrhoea.
- Write indication of Mezereum in Herpes Zoster.
- Write indication of Ferrum phos in Aplastic Anaemia.
- Write indication of Borax in Stomatitis.
- Write indication of Ceanothus in Splenitis.

(4x5=20)

Write short answer (any four out of six) :

- a) Write indication of Abrotinum in Marasmus.
- b) Write indication of China off. in Malaria.
- c) Write indication of Phosphorus in Addison Disease.
- d) Write characteristics of Baptisia in Typhoid Fever.
- e) Write characteristics of Syzygium Jambolanum in Diabetes Mellitus.
- f) Write indication of Hepar Sulph in Lung Abscess.

(2x10=20)

Long Answer Question (any two out of four) :

- a) Write guiding symptoms of Crataegus and Naja Tripudians in Myocardial Infarction.
- b) Write characteristics of Causticum and Plumb Met in Hemiplegia.
- c) Write indications of Ammonium Benz. & Apis Mellifica in Nephrotic Syndrome.
- d) Write indications of Rhus tox and Hypericum in Cervical Spondylosis.

Long Answer Question (any one from Q. No. 5, 6 and 7) :

Long Answer Question :

- 5. Write in detail Homoeopathic approach of Epilepsy with scope and limitations, acute prescribing, chronic prescribing, auxiliary/preventive measures and indications of two remedies for the same. (1x20=20)

Long Answer Question :

- 6. Write in detail Homoeopathic approach to Hypertension with scope and limitations, Acute prescribing, chronic prescribing, auxiliary/preventive measures with two Homoeopathic remedies for the same. (1x20=20)

Long Answer Question :

- 7. What is Rheumatoid Arthritis ? With scope and limitations, Acute prescribing, chronic prescribing, auxiliary/preventive measures and indications of Bryonia and Rhus tox for the same. (1x20=20)

Fourth B.H.M.S. (Old) Examination, Summer 2015
MEDICINE AND HOMOEOPATHIC THERAPEUTICS - II

Total Duration : Section A+B = 3 Hours

Total Marks : 100

SECTION - A & SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks.**
 - 5) Draw diagrams **wherever necessary.**
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) **Use a common answer book for all Sections.**

SECTION - A
SAQ

(60 Marks)

(10x2=20)

1. Answer the following questions (any ten out of fifteen) :

- a) Mention 4 causes of increased ESR.
- b) Define Dwarfism and mention 2 causes of it.
- c) Mention 4 respiratory causes of Chest pain.
- d) Define hypertension and mention 2 clinical features of it.
- e) Mention 4 risk factors of Atherosclerosis obliterans.
- f) Define Hemiplegia and mention 2 causes of it.
- g) Define status epilepticus and mention 4 stages of it.
- h) Define Hematuria and mention 2 causes of it.
- i) Mention 4 causes of polyuria.

P.T.O.

04401 B

j) Mention 4 causes of acute abdominal pain.

k) Mention 4 causes of headache.

l) Define regurgitation in new born and mention 2 causes of it.

m) Define vaginismus and mention 2 clinical features of it.

n) Define pruritus and mention 2 causes of it other than skin disorder.

o) Mention causative organism of Herpes Zoster and mention 2 clinical features.

2. Answer the following questions (any four out of six) :

a) Define UTI.

b) Causes of Hepatomegaly

c) Febrile convulsions

d) Scabies

e) Beriberi

f) Types of Pulse

3. Answer the following questions (any four out of six) :

a) Hydrocephalus

b) Renal Calculi

c) Syphilis

d) Anorexia Nervosa

e) Complications of diarrhoea

f) Eosinophilia.

SECTION – B
LAQ

4. Long answer questions (any two out of four) :

a) Eczema

b) Acute renal failure

c) Rickets

d) Mitral stenosis

SAQ

(60 Marks)

(10x2=20)

1. Answer the following questions (any ten out of fifteen) :

- a) Define gout and give two predisposing factors for it.
- b) Give four causes of iron deficiency anemia.
- c) Define Carey- Coomb murmur & write down the condition associated with it.
- d) Give four important signs of aortic regurgitation.
- e) Name the four components of Fallots tetralogy.
- f) Write down four causes of headache.
- g) Give four important features of bacterial meningitis.
- h) Give four causes of haematuria.
- i) Write down four pre- renal causes of acute renal failure.
- j) Write down four important complications of cirrhosis of liver.
- k) Write down four clinical features of dehydration.
- l) Define schizophrenia & give two types of it.
- m) Give two differentiating features between marasmus & kwashiorkor.
- n) Name the four papulosquamous disorders.
- o) Define psoriasis & name two types of it.

(P.T.O.)

2. Answer the following questions (any four out of six) :

- a) Chronic renal failure - causes & clinical features .
- b) Acute cholecystitis .
- c) Kwashiorkor .
- d) Albinism .
- e) Clinical features of chronic myeloid leuckemia .
- f) Angina pectoris - Types & investigations .

3. Answer the following questions (any four out of six) :

- a) Pheripheral Neuropathy .
- b) Retention of urine .
- c) Eczema - definition & Types.
- d) Bipolar mood disorder .
- e) Pupillary changes in various poisonings.
- f) Megaloblastic anaemia.

LAQ

4. Long answer questions (any two out of four) :

- a) Discribe lichen planus in detail .
- b) Write down about 1) Diabetic Nephropathy & 2) Kideney changes in SLE.
- c) Discribe acute diarrhoeal diaseases in children.
- d) Discribe acute rheumatic fever.

- f) Write four characteristic features of Cantharis in Gastritis.
- g) Write four characteristic features of Nux Vomica in Dyspepsia.
- h) Write four characteristic features of Cardus Marinius in Cirrhosis of Liver.
- i) Write four characteristic features of Calc. Carb in Beri Beri.
- j) Write four characteristic features of Iodum in Protein Energy Malnutrition.
- k) Write four characteristic features of Thyrodinum in Cretinism.
- l) Write four characteristic features of Baryta Carb in Hypothyroidism.
- m) Write four characteristic features of Natrum Muriaticum in Hodgkin's disease.
- n) Write four characteristic features of Ferrum Met in Pernicious Anaemia.
- o) Write four characteristic features of Capsicum in Mountain Sickness.

P.T.O.

2. Write short answer (any four out of six) :
- Write indication of Drosera in Whooping Cough.
 - Write indication of Podophyllum in Diarrhoea.
 - Write indication of Mezereum in Herpes Zoster.
 - Write indication of Ferrum phos in Aplastic Anaemia.
 - Write indication of Borax in Stomatitis.
 - Write indication of Ceanothus in Splenitis.
3. Write short answer (any four out of six) :
- Write indication of Abrotinum in Marasmus.
 - Write indication of China off. in Malaria.
 - Write indication of Phosphorus in Addison Disease.
 - Write characteristics of Baptisia in Typhoid Fever.
 - Write characteristics of Syzygium Jambolanum in Diabetes Mellitus.
 - Write indication of Hepar Sulph in Lung Abscess.
4. Long Answer Question (any two out of four) :
- Write guiding symptoms of Crataegus and Naja Tripudians in Myocardial
 - Write characteristics of Causticum and Plumb Met in Hemiplegia.
 - Write indications of Ammonium Benz. & Apis Mellifica in Nephrotic Synd
 - Write indications of Rhus tox and Hypericum in Cervical Spondylitis.

Long Answer Question (any one from Q. No. 5, 6 and 7) :

Long Answer Question :

5. Write in detail Homoeopathic approach of Epilepsy with scope and limitations, prescribing, chronic prescribing, auxiliary/preventive measures and indications, remedies for the same.

Long Answer Question :

6. Write in detail Homoeopathic approach to Hypertension with scope and limitations, Acute prescribing, chronic prescribing, auxiliary/preventive measures with two Homoeopathic remedies for the same.

Long Answer Question :

7. What is Rheumatoid Arthritis ? With scope and limitations, Acute prescribing, chronic prescribing, auxiliary/preventive measures and indications of Bryonia and Rhus for the same.

Fourth BHMS (New), Winter 2015
Practice of Medicine - III

SAQ (60 Marks)

(10x2=20)

1. Write appropriate answers (any ten out of fifteen) :
- a) Write indications of Kumex Cris in Chronic Bronchitis.
 - b) Write indications of Arsenic Alb. in Asthma.
 - c) Arum Triphyllum In Coryza.
 - d) Write indications of Aesculus Hippocastanum In Follicular Pharyngitis .
 - e) Pyrogenium In Diphtheria.
 - f) Give indications of Arsenic Album in Ptomaline poisoning.
 - g) Actea Racemosa in Depression.
 - h) Give indications of Colchicum Autumnale in Dysentery.
 - i) Write indications of Ferrum Met. in Iron deficiency anaemia.
 - j) Abrotanum in Maresmus.
 - k) Apocyanum canabinum in Tricuspid regurgitation.
 - l) Magnesia Murialica in Chronic liver complaints.
 - m) Petroleum in Bed sores.
 - n) Silicea in Keloid growth.
 - o) Agaricus in Frostbite.

(4x5=20)

2. Write short answer (any four out of six) :

- a) Bryonia Alba in Pleurisy
- b) Murialicum acidum in Haemorrhages
- c) China Off in Malaria.
- d) Nux Vomica in Anorexia.
- e) Aloe Soc in Haemorrhoids.
- f) Borax in Psoriasis.

P.T.O.

04801 B

8

3. Write short answer (any four out of six) :

- a) Parkinson's disease
- b) Mention the causes and clinical features of Urinary tract infection
- c) Mention the clinical features of Herpes zoster
- d) Enumerate causes of Diarrhoea in children
- e) Enumerate Liver function tests in detail
- f) Write clinical features of Osteomalacia

LAQ (40 Marks)

4. Long answer questions (any two out of four) :

- a) Define Urticaria and explain it in detail
- b) Discuss chronic renal failure in detail
- c) Discuss Mood disorders in detail
- d) Explain Rheumatic Fever in detail

Long answer questions (any one from Q. No. 5, 6 and 7)

5. Discuss in detail Pyogenic Meningitis with following heads

- a) Etiopathogenesis
- b) Clinical features and investigations
- c) Complications
- d) General management.

6. Explain Cardiomyopathy in detail with following heads

- a) Etiology
- b) Clinical features
- c) Investigations
- d) Complications

7. Explain SLE in detail with following heads

- a) Definition & etiopathogenesis
- b) Clinical features
- c) Investigations
- d) General management

SAQ

(60 Marks)

1. Answer the following questions (any ten out of fifteen)

(10x2=20)

- a) Write Indication of antim tart in acute bronchitis.
- b) Write Indication of baptasia in typhoid fever.
- c) Camphor in diarrhoea.
- d) Ferrum met for aneamia.
- e) Give indication of phosphorus for Pneumonia.
- f) Write Indentation of lycopodium in dyspepsia.
- g) Iodum for goitre.
- h) Give indication of bryonia alba for measles.
- i) Write indication of hepar sulph in rhinitis.
- j) Write indication of thyroidinum in acromegaly.
- k) Give indication of borax for stomatits.
- l) Write indication of Secal cor in Pellagra.
- m) Write indication of bromium in pneumonitis.
- n) write indication of calc.carb in hypokalemia.
- o) Podophyllum in irritable bowel disease.

2. Answer the following questions (any four out of six) :

(4x5=20)

- a) Lung Abcess: Heparsulph.
- b) Malaria: Aresenic album.
- c) Malaria of cinchona off.
- d) Gout of Acid Nitric.
- e) Gastritis: of Carbo Veg.
- f) Acute Pancreatitis: Nux vomica.

3. Answer the following questions (any four out of six) :

- Write Indication of Thyrocinum in Hypothyroidism.
- Write Indication of Natrum carb in Bronchial Asthma.
- Write Indication of Sygegium Jambolinum in Diabetes Mellitus.
- Give Indication of Glonine in Sunstroke.
- Give Indication of Abrotanum in marasmus.
- Described indication of Pulsatilla in tubercular lymphadenitis.

LAQ

4. Long answer questions (any two out of four) :

- Angina Pectoris : Indication of Digitalis and Naja.
- Acute Urinary tract infections: Indication of Nitric Acid and Lycoper
- Migraine : Indication of Onosmodium and Belladonna.
- Rheumatic Arthritis: Indication of Ledum pal and Kalmia.

Long answer questions (any One from Q. No. 5, 6, and 7) :

5. Write Homoeopathic approach in the treatment of Epilepsy under the following heads.

- Scope and limitations —
- Acute Prescribing —
- Chronic Prescribing —
- Auxillary/Preventive measures, and Indication of two important remedies
Same

6. Write Homoeopathic approach in the treatment of Hypertension under the following heads.

- Scope and limitations
- Acute Prescribing
- Chronic Prescribing
- Auxillary/Preventive measures, and Indication of two important remedies
Same

7. Write Homoeopathic approach in the treatment of Osteoporosis under the following heads.

- Scope and limitations
- Acute Prescribing
- Chronic Prescribing
- Auxillary/Preventive measures, and Indication of two important remedies
Same

SECTION – A
SAQ – 60 Marks

1. Write appropriate answers (any ten out of fifteen) : (10×2=20)
- a) Write indication of Stannum Met in Chronic bronchitis.
 - b) Write indication of Bryonia Alba in measles.
 - c) Podophyllum in Diarrhoea.
 - d) Give indication of Abrotanum in marasmus.
 - e) Give indication of sulphur in Plurasy.
 - f) Write indication of Merc. Sol in acute pancreatitis.
 - g) Pulsatilla in mumps.
 - h) Write indication of thyroidinum in acromegaly.
 - i) Write indication of Secal Cor in Pellagra.
 - j) Write indication of Calc. carb in Hypokalemia.
 - k) Give indication of Nitric Acid in stomatitis.
 - l) Write indication of iodum in Kwashiorkor.
 - m) Write indication of Nat. Mur in Herpes Simplex.
 - n) Write indications of Aurum Triph. In coryza.
 - o) Write indications of Baryta Carb in Tonsillitis.
2. Write short answer (any four out of six) : (4×5=20)
- a) Bronchial asthma : Kali Carb
 - b) Typhoid fever : Baptesia
 - c) Tetani : Nux Vom
 - d) Constipation : Opium
 - e) Rickets : Tuberculinum
 - f) Peptic Ulcer : Carbo veg

3. Write short answer (any four out of six) :
- Write indication of Sygegium Jambolinum in Diabetes Mellitus.
 - Describe indication of Drosera in Whooping cough.
 - Write indication of Iodum in Hypothyroidism.
 - Write indication of Pulsatilla in Pulmonary tuberculosis.
 - Give indication of ferrum met in iron deficiency anameia.
 - Give indication of Nat. Carb in Sunstroke.

SECTION - B

LAQ - 40 Marks

4. Long answer questions (any two out of four) :

(2x10=20)

- | | |
|-------------------------------|---|
| a) Hypertension | : Indication of Veratum Album and Glonine |
| b) Acute Glomerular Nephritis | : Indication of Merc. Cor and Lycopodium |
| c) Epilepsy | : Indication of Buforana and Cuprum Met |
| d) Rheumatic fever | : Indication of Rhus Tox and Ledum pal |

5. Long answer questions (any one from Q. No. 5, 6 and 7) :

(1x20=20)

5. Write Homoeopathic approach in the treatment of Tubercular meningitis under the following heads :

- Scope and limitations
- Acute prescribing
- Chronic prescribing
- Auxillary/preventive measures, and indication of two important remedies for the same.

6. Write Homoeopathic approach in the treatment of Ischaemic Heart Disease under the following heads :

- Scope and limitations
- Acute prescribing
- Chronic prescribing
- Auxillary/preventive measures, and indication of two important remedies for the same.

7. Write Homoeopathic approach in the treatment of Osteo arthritis under the following heads :

- Scope and limitations
- Acute prescribing
- Chronic prescribing
- Auxillary/preventive measures, and indication of two important remedies for the same.
