IV BHMS (2015) (one & Half year Course) [Regular Batch]

Prelim Examination Internal Assessment Programme Appearing in AUG 2021

Date: 05/07/2021

Sub: HMM - II (2015)

Time: 10:30 TO 1:30

Marks : 100

10x2=20

Q.1] Write appropriate (short) answer. (any 10)

- Write characteristic of tongue of *Veratrum viride*.
- Write characteristic pain of *Ranunculus bulbosus*.
- Write modalities of *Causticum*.
- Write perspiration of *Sambucus nigra*.
- Write character of cough of *Corallium rubrum*.
- Write clinicals of *Carica papaya*.
- Write character of stool of *Rheum*.
- Write hemorrhage of *Crocus sativa*.
- Write character of pain of fluoric acid.
- Write clinicals of *Sabal serrulata*.
- Write leucorrhoea of *Cocculus*.
- Write 2 keynotes of *Psorinum* in Asthma.
- Write ailments from of *Causticum*.
- Write cough of *mephitis*.
- Write character of discharge of *Hydrastis canadensis*.

4x5=20

Q.2] Write short answer. (any 4)

- Describe *Sanicula baby*.
- Describe mental symptoms of *Lilium tigrinum*.
- Describe rectal complaints of *Aesculus hippocastanum*.
- Write guiding symptoms of *Condurango*.
- Describe headache of *Glonoine*.
- Describe respiratory complaints of *Squilla*.

4x5=20

Q.3] Write short answer. (any 4)

- Describe characteristics of *Janosia asoka*.
- Describe cedron fever.
- Describe respiratory complaints of *Ranunculus bulbosus*.
- Describe the action of *Mezereum* on skin.
- Describe the mental symptoms of *Lac can*.
- Describe female complaints of *Trillium pendulum*.

Q.4] Long answer question. (any 2)

2x10=20

- compare and contrast *Blatta orientalis* and *Sambucus nigra* –Respiratory complaints.
- compare and contrast *Kalmia* and *Rhododendron* in Rheumatism.
- write in detail guiding symptoms of *Medorrhinum*.
- compare and contrast heart complaints of *Adonis vernalis* and *Crataegus oxycantha*.

Long answer question. (any 1 from Q.5,6 and 7)

1x20=20

Q.5] Describe drug picture of *Merc sol* in detail.

Q.6] Describe drug picture of *Psorinum* in detail.

Q.7] write characteristics of Mag group. Describe drug picture of *Mag carb* in detail.

IV BHMS (NEW/2015) Terminal Examination FEBRUARY 2020**

Date: 11/2/2020	Sub: HMM	Time: 10:30 to 1:30pm	Marks : 100
------------------------	-----------------	------------------------------	--------------------

[10X2=20]

Q.1] Write appropriate answers (Any 10 out of 15)

- a) Urtica urens- skin complaints
- b) Coffea cruda -generalities
- c) Condurango- GI complaints
- d) Collinsonia- clinicals of female genitalia.
- e) Ranunculus bulbosus- character of pain in chest complaints.
- f) Modalities of Glonoine.
- g) Anthracinum – skin complaints
- h) Clinicals of Vaccinum.
- i) Pyrogenum - clinicals
- j) Abrotanum - rheumatism
- k) Cocculus indicus- generalities.
- l) Sanicula – stool
- m) Mezereum- Skin complaints
- n) Lac can- 4 mind symptoms
- o) Vaccinum -clinicals

Q.2] Write short notes answers (Any 4 out of 6)

[4X5=20]

- a. CNS complaints of Cicuta virosa.
- b. Characteristics indications of Sarcodes.
- c. Mentals of Liliium tigrinum.
- d. Female complaints of Crocus Sativus.
- e. Describe Capsicum baby.
- f. Guiding symptoms of Carboic acid.

Q.3] Write short answers (Any 4 out of 6)

[4X5=20]

- a. Therapeutic indications of Causticum.
- b. Therapeutic indications of Lac. Defloratum
- c. Rectal complaints of Ratahnia Peruviana.
- d. Generalities of Psorinum.
- e. Characteristics of Lyssinum
- f. Rheum Baby

IV BHMS (2013) Terminal Examination appearing in Nov, Dec 2019

Date: 2/7/19

Sub: HMM

Time: 10:30 to 1:30pm

Marks: 100

[10X2=20]

Q.1] Write appropriate answers (Any 10 out of 15)

- | | |
|--|-------------------------------------|
| a) Clinicals of Anthracinum | b) Modalities of Pyrogenum |
| c) Rectal complaints of Collinsonia | d) Condurango- clinicals |
| e) Hydrastis can - discharges | f) Abies can - food desires |
| g) Modalities of Rhododendron | h) Ranunculus bulbosus - modalities |
| i) Cough of Corallium rubrum | j) Mag mur stool characteristics. |
| k) Cocculus indicus - ailments from | l) Crocus sativa-discharges |
| m) Eupatorium perfoliatum-fever modality | |
| n) Clinicals of Radium bromatum. | o) Coca-generalities. |

Q.2] Write short notes answers (Any 4 out of 6)

[4X5=20]

- Mentals of Fluoric acid
- Respiratory complaints of Mephitis
- Fever of Cedron
- Heart and joint complaints of Lithium carb
- Rheum - GIT complaints
- Respiratory complaints of Acalypha indica

Q.3] Write short answers (Any 4 out of 6)

[4X5=20]

- Urinary complaints of Sarsaparilla
- Mentals of Lyssinum
- Skin complaints of Psorinum
- Guiding symptoms of Capsicum.
- Joint complaints of Rhododendron.
- Female complaints of Sabina.

Long Answers Question

[2X10=20]

Q.4] Write in brief (Any 2 out of 4)

Compare and contrast

- Sanguinaria and Spigelia in head complaints
- Psorinum and Mezereum in skin complaints
- Rumex and Sticta pulmonaria in respiratory complaints
- Stannum met and Lac deffloratum in head complaints.

Long Answer Question ANY ONE out of Q. No. 5, 6 and 7

[1X10=20]

Q.5] Enlist group characteristics of Nosode & write drug picture of MEDORRHINUM.

Q.6] Describe drug picture of CARBO ANIMALIS.

Q.7] Write drug picture of OPIUM.

Q.1] Write appropriate answers (Any 10 out of 15) [10X2=20]

- | | |
|--|---|
| a) Describe cough of Justicia Adhatoda | b) Coffea cuda -generalities |
| c) Condurango-skin complaints | d) Helonias- female genitalia complaints. |
| e) Cough of Mephites putorius | f) Clinicals of Baryta mur |
| g) Vipera modalities | h) Clinicals of Abroma augusta. |
| i) Ratahnia –Rectal complaints | j) Lac .Can. –Food desires |
| k) Hydrastis can.- generalities. | l) Cocculus-generalities. |
| m) Joanesia asoca- female complaints | n) Ocimum sanctum- |
| o) Capsicum- constitution | |

Q.2] Write short notes answers (Any 4 out of 6) [4X5=20]

- | | |
|---------------------------------|---|
| a. Epilepsy of Cicuta virosa. | b. Neuralgia of Spigelia |
| c. Generalities of Rhododendron | d. Female complaints of Crocus Sativus. |
| e. Veratrum Viridae | f. Guiding symptoms of Rumex. |

Q.3] Write short answers (Any 4 out of 6) [4X5=20]

- Therapeutic indications of Sarsaparilla.
- Therapeutic indications of Lac. Defloratum
- Guiding symptoms of Sambucus nigra.
- Male complaints of Fluoric Acid
- Characteristics of Lyssinum
- Rheum Baby

Long Answers Question [2X10=20]

Q.4] Write in brief (Any 2 out of 4)

Compare and contrast

- GIT complaints of Abies Canadensis and Abies Nigra.
- Skin complaints of Radium brom and Hydrocotyle.
- Respiratory complaints of Squilla and Sabadilla.
- Headache of Glonine & Belladonna

Long Answer Question ANY ONE out of Q. No. 5, 6 and 7 [1X10=20]

Q.5] Describe drug picture of Medorrhinum.

Q.6] Describe drug picture of Capsicum.

Q.7] Describe drug picture of Fluoric acid.

Date: 14/02/2017

Sub: HMM

Time: 09:30 To 12:30

Marks : 100

10X2=20

Q.1] Write Appropriate Answers (Any 10)

- Anthracinum- 4 characteristic symptoms
- Cocculus - generalities
- Rumex-4 characteristic indications
- Abies canadensis- GIT
- Crocus sativus -Haemorrhages
- Sanicula-4 characteristic indications
- Medorrhinum- general modalities
- Stannum met- 2 guiding symptoms
- Trillium pendulum-therapeutic indications
- Capsicum -Constitution
- Millefolium- therapeutic indications
- Cundurango-GIT complaints
- Acalypha indica- -guiding symptoms
- Squilla-respiratory complaints
- Abis nigra-GIT complaints

4X5=20

Q.2] Write short answers. (Any 4)

- Write guiding indications of Helonias.
- Write Characteristic indications of Corallium rubrum.
- Write guiding indications of Lyssin.
- Write respiratory complaints of Capsicum.
- Write guiding indications of Bacillinum.

4X5=20

Q.3] Write short answers. (Any 4)

- Write characteristics of Sabal serrulata.
- Write Sarsaparilla in Urinary complaints.
- Write female complaints of Viburnum opulus.
- Write about Lilium tig in female complaints.
- Write guiding symptoms of Vipera.

2X10=20

Q.4] Write (Any 2)

- Compare and contrast Abrotanum and Natrum mur in Marasmus.
- Compare and contrast Belladonna and Glonoine in head complaints.
- Compare and contrast Sambucus nigra and Rumex crispus in respiratory complaints.
- Compare &contrast Pyrogen & Eupatorium in fever.

1X20=20

Q.5] Write (Any 1)

Describe Fluoric acid drug picture in detail.

OR

Write Drug picture of Medorrhinum.

OR

Write Drug picture of Lac-can.

IV BHMS (2015) Terminal Examination Internal Assessment Programme Appearing in OCT 2019

Date:- 01/07/2019

Sub: MEDICINE

Time: 10.30 to 1.30

Marks : 100

ANSWER THE FOLLOWING IN BRIEF.....ANY TEN

(10X10=100)

- Q1.Explain diabetes mellitus under following headings, definition, classification. Risk factors and complications.
- Q2.Explain pathophysiology,clinical features and pathological investigations in case of rheumatic heart diseases
- Q3.define leukemia and write a note on acute leukemias.
- Q4.write short notes on
- A. Obsessive compulsive neurosis
 - B. Scizophrenia
- Q5.Explain in detail chronic bronchitis and give indications of two homoeopathic remedies for the same.
- Q6.Define and classify epilepsy. What are indications of using cicuta verosa and nux vomica in case of epilepsy
- Q7.explain dengue fever in detail with indications of eupatorium and pyrogen in the same
- Q8.Explain cirrhosis of liver with reference to etiology,pathology,classification and syptomatology .
- Q9.explain Parkinsonism in detail with indications of any two homoeopathic remedies.
- Q10.explain in detail approach to a case of neonatal jaundice
- Q11.define psoriasis and write in detail etiology, pathophysiology,signs and symptoms and two indicated homoeopathic remedies for psoriasis.
- Q12 .write short notes on ..
- a. Rickets
 - b. scabies

Short Answers question

[10X2=20]

Q.1] Write appropriate answers (Any 10 out of 15)

- | | |
|---|--------------------------|
| 1) Define Bronchitis. | 2) Define Asthma. |
| 3) Enumerate Lung function test. | 4) Mumps . |
| 5) Diagnosis of Pulmonary tuberculosis. | 6) Myocardial Infarction |
| 7) Jones Criteria. | 8) Coma |
| 9) Hypertension | 10) Parkinsonism |
| 11)Kobener Phenomenon. | 12) Cirrhosis |
| 13)Paralysis. | 14) Causes of Clubbing |
| 15) Hyperkeratosis | |

Q.2] Write Short answers (Any 4 out of 6)

[4X5=20]

- a) Differentiate between Cardiac Asthma & Bronchial Asthma.
- b) Right Ventricular Failure
- c) Measeles diagnostic criteria .
- d) Pneumonia Classification
- e) Dengue
- f) .Investigation in malaria

Q.3] Write short answers (Any 4 out of 6)

[4X5=20]

- a) Pulmonary eosinophilia
- b) Left Ventricular Failure
- c) Aortic Stenosis
- d).Mitral Stenosis
- e) Anxiety
- f) Headaches

Q.4] Long answers question (Any 2 out of 4)

[2X20=20]

- a) Assessment of COPD
- b) Assessment of Jaundice.
- c) Leukemia
- d) Psoriasis

Q.5] Long answers question (Any one of Q.no.5, 6 & 7)

[1X20=20]

- a) Pleural effusion.
- b) Opportunistic infections in HIV
- c) Homoeopathic approach of Hypertension .
- d) Homoeopathic approach of IHD

Q.6] a)Rheumatic Heart Disease b) Gullein Barri Syndrome
c)Vitiligo d) Contact Dermatitis

Q.7] a) Hepatitis. b)Eczema c) Pyrexia of unknown origin.
d)Schizophrenia

Date: 22/06/2015	Sub: Medicine	Time: 02.00 TO 05.00	Marks : 100
-------------------------	----------------------	-----------------------------	--------------------

Enumerate the etiology, pathogenesis, patho-physiology, clinical features, investigations, D/D and homoeopathic approach of treatment (for Q1 to Q7, remaining as instructed)

(10x10=100 marks)

- 1) Hypertension
- 2) COPD
- 3) Asthma
- 4) Aortic Stenosis
- 5) Hypothyroidism
- 6) Pituitary Dwarfism
- 7) Rheumatic Heart Disease
- 8) Discuss abnormal growth of a child in form of
 - a) Short stature
 - b) Failure to thrive
- 9) Discuss in detail examination of case of Ascitis
- 10) Enumerate symptoms of respiratory system along with examination pattern

SECTION - A

[15 Marks]

Q.1] L.A.Q.

Describe C/F; Complication & Management of Diabetes Mellitus.

Or

Describe C/F; Complication & Management of Primary Thyrotoxicosis

Q.2] Give D/D & investigations of Arthritis

Or

Describe the investigations & D/D of Hypocalcaemia

[15 Marks]

Q.3] S.A.Q [Any 2]

1) Acute Gout

2) Grave's Disease

[10 X2 = 20 Marks]
3) Emphysema

SECTION - B

[15 Marks]

Q.4] L.A.Q.

Write the Investigation & D/D of Jaundice

Or

Describe Lobar Pneumonia. Write brief note on bronchopneumonia

[15 Marks]

Q.5] L.A.Q.

Write an Approach towards a case of Liver cirrhosis

[10 X2 = 20 Marks]

Q.6] S.A.Q. [Any 2]

a) Major Epilepsy

b) Benign tertian Malaria

c) Differentiate Tubercular & Meningococcal Meningitis

Short Answers question

- Q.1] Write appropriate answers (Any 10 out of 15)** [10X2=20]
- a) Second best Remedy.
 - b) Define Logic and types of Logic.
 - c) Explain complete symptom.
 - d) Explain complete symptom.
 - e) Define concomitant symptom.
 - f) What is formative Intelligence.
 - g) Two Indications for Palliation.
 - h) Accessory symptom.
 - i) Diet of drug Prover.
 - j) Define Nature's Therapeutic Law of Nature.
 - k) Three types of symptom according to Kent.
 - l) 3rd observation of Dr. Kent.
 - m) Types of Idiosyncrasies according to Kent.
 - n) Types of doses according to Roberts.
 - o) Presentation of Psora, Sycosis and Syphilis on the skin

- Q.2] Write short notes answers (Any 4 out of 6)** [4X5=20]
- 1) Kent's concepts of sick.
 - 2) Therapeutic nihilism
 - 3) Materialism according to Dr. S. Close.
 - 4) Limitations of Homoeopathy according to Dake.
 - 5) Unprejudiced observer according to Kent.
 - 6) What is Record Keeping? Importance of Record keeping?

- Q.3] Write short answers (Any 4 out of 6)** [4X5=20]
- 1) Homoeopathy and fundamental laws-according to Roberts.
 - 2) Explain Cure and Recovery according to S. Close.
 - 3) Indisposition according to S. Close.
 - 4) Totality of symptoms according to S. Close.
 - 5) Sanguine temperament according to Roberts.
 - 6) Indications of Tubercular Miasm.

Long Answers Question

- Q.4] Write in brief (Any 2 out of 4)** [2X10=20]
- a) Define simple substance. Explain in detail.
 - b) What has Homoeopathy to offer young men as per Roberts
 - c) Criteria for potency selection according to S. Close.
 - d) Second Prescription - S. Close.

Long Answer Question ANY ONE out of Q. No. 5, 6 and 7

- Q.5] Explain following observation of Dr. Kent.** [1X10=20]
- a) First observation.
 - b) Second observation.
 - c) Fifth observation.
 - d) Eleventh observation.

- Q.6] Explain General Pathology according to Dr. Stuart Close.**
- a) Theory of Chronic disease.
 - b) Doctrine of Latency.
 - c) Metastasis.
 - d) Relationship of Bacteriology in Homoeopathy.

- Q.7] Explain susceptibility in detail.**
- a) According to Dr. Kent.
 - b) According to Dr. Robert.
 - c) According to Dr. Stuart.
 - d) Role of susceptibility in Potency selection.

MCQ

- Kent's VIII observation highlights the concept of
 - Idiosyncrasy
 - Palliation
 - Doctrine of Signature
 - Indisposition
- The reaction of organism to external & internal influences as per H A Roberts is called as
 - Immunity
 - Sensitivity
 - Resistance
 - Susceptibility
- Hair fall out in circular patches is a symptom of which miasm
 - Psora
 - Sycosis
 - Syphilis
 - Pseudo Psora
- Apparent symptoms caused by excess of homoeopathic medicines during administration of indicated medicine in 50 millesimal scale potency are known as
 - Accidental Symptoms
 - Accessory Symptoms
 - Schein Symptoms
 - Complete Symptoms
- Doctrine of Vital Force was introduced in which edition of Organon of Medicine
 - 2nd
 - 4th
 - 6th
 - 5th
- Which action of the medicines are commonly recorded during drug proving
 - Primary
 - Curative
 - Secondary
 - Counter
- "One Man's Meat Is Another Man's Poison" is a quotation by
 - Hippocrates
 - Stuart Close
 - Robert
 - Kent
- Preparation of 50 millesimal potency is mentioned in which aphorism
 - 280
 - 254
 - 117
 - 270
- Inappropriately named chronic disease is mentioned in which aphorism
 - 72
 - 110
 - 74
 - 77
- "Without records you are at sea without a compass" is said by
 - Hahnemann
 - Kent
 - Hering
 - Galileo

Date: 14/02/2020 Sub: Organon Time: 10.30 to 1.30 P.M. Marks : 100

- Q.1] Write appropriate answers (Any 10 out of 15)** [10X2=20]
- a) What is a homeopathic specific remedy?
 - b) Role of vital force in health
 - c) Difference between Drug, Medicine and Remedy.
 - d) Formative intelligence
 - e) Define basic and determinative symptoms with example
 - f) Define Health as per W.H.O.
 - g) State the 2nd aphorism
 - h) State law of quantity of dose
 - i) Role of Vital Force in health
 - j) What is Intercurrent remedy?
 - k) Expression of Psora, syphilis and sycosis on the skin
 - l) Law of minimum
 - m) What is Herrings law of Cure
 - n) What do you mean by surrogates in Organon
 - o) Define Mental Diseases. State the types
- Q.2] Write short notes answers (Any 4 out of 6)** [4X5=20]
- a) Differentiate between artificial disease force and natural disease force
 - b) What are purely surgical diseases? Give 4 examples
 - c) Idiosyncrasy with example
 - d) Materialism
 - e) Mesmerism
 - f) Genius Epidemicus
- Q.3] Write short answers (Any 4 out of 6)** [4X5=20]
- a) Define acute diseases and classify them
 - b) Concept of individualization with example
 - c) Importance of record keeping
 - d) Define second prescription and state indications of placebo
 - e) Define palliation and suppression with example
 - f) Define LOGIC and explain Inductive logic with example
- Q.4] Long Answers Question** [2X10=20]
Write in brief (Any 2 out of 4)
- a) Explain Unity of Medicine as per Dr Close
 - b) What has Homoeopathy to offer young men? Dr Robert's view
 - c) Explain Homoeopathy and its fundamental laws as per Dr. Roberts
 - d) Scope and limitations of Homoeopathy with Dakes exclusion criteria
- Q.5] Long Answer Question ANY ONE out of Q. No. 5, 6 and 7** [1X10=20]
Explain Homoeopathic Therapeutics in the field of Endocrinology as per Dr. Roberts
- Q.6]** Explain hoe Dr. Hahnemann came to the Theory of Chronic Diseases. Explain how he evolved the word Miasm. State indications of PSORA
- Q.7]** a) What are different types of Aggravation? b) Compare them with Kent's observations.
c) Difference between Medicinal agg, disease agg and Homoeopathic Aggravation.
d) Mention second prescription in each Aggravation.

1 X 20 = 20

Q.5 Long answers (Any 1 from Q5, Q6, Q7)

- Explain General Pathology according to Dr. Stuart Close.
- a) Theory of Chronic disease.
 - b) Doctrine of Latency.
 - c) Metastasis.
 - d) Relationship of Bacteriology in Homoeopathy.

- Q6.
- a) Mental image of Psora
 - b) Discuss significance of studying History of Medicine for medical students
 - c) Sanguine Temperament
 - d) Humarbai's Code of Conduct

- Q7. Classify diseases in detail with proper definition and example for each type. Also give a diagrammatic representation

Date: 15/02/2017	Sub: Organon	Time: 09:30 To 12:30	Marks : 100
			2 X 10 = 20

Q1] Write appropriate answers (Any 10 out of 15)

- a) Law of minimum.
- b) Four bodily humors stated by Hippocrates.
- c) Role of Vital Force in health
- d) Define maintaining cause of disease with example
- e) Qualities of a good prover
- f) Define Palliation with example
- g) Define Drug, Medicine and Remedy
- h) What are Artificial Chronic Diseases?
- i) Concept of Health according to WHO
- j) Define Genus Epideimicus
- k) Basic principles of Ayurveda.
- l) Presentation of Psora, Sycosis and Syphilis on the skin
- m) Define mental disease and state the types
- n) Define a Complete Symptom with one example
- o) State the Therapeutic Law of Nature with the aphorism number

4 X 5 = 20

Q2] Write short answers (Any 4 out of 6)

- a) State fundamental Laws of according to Roberts.
- b) What is Indisposition? Sate with example
- c) Suspended animation with examples
- d) What is Record keeping? Give its importance
- e) Guidelines for potency selection according to Dr. Close
- f) Define Second Prescription. State the indications of Placebo

4 X 5 = 20

Q3] Write short answers (Any 4 out of 6)

- a) Differentiate between Homoeopathic agg. and Medicinal agg
- b) State the Do's and Don'ts of Case Taking
- c) State Kent's 12th observation with inference
- d) What are Acute diseases. State the types and causative factors
- e) Concept of Individualization
- f) Define analysis of symptoms. Tell about Kentian analysis

SEC- B (LAQ)

2 X 10 = 20

Q4.] Long answers (Any 2 out of 4)

- a) Roberts concept of PSORA as a deficiency miasm
- b) Schools of Homoeopathy according to Dr. Close
- c) What has Homoeopathy to offer young man? State Roberts view
- d) Define LOGIC. State the types. Explain how discovery of Homoeopathy is based on Inductive Logic

1 X 20 = 20

Q5.] Long answers (Any 1 from Q5, Q6, Q7)

- a) Define Susceptibility, Immunity and Reaction
 - b) Factors modifying Susceptibility
 - c) Role of Susceptibility in health
 - d) Role of Susceptibility in disease
- Q6.]**
- a) Define Constitution, Temperaments and Diathesis
 - b) Sanguine Temperaments
 - c) Nervous Temperaments
 - d) Melancholic Temperaments

Q7.] Define knowledge of physiciah and explain in detail as per Dr. Kent

- a) Knowledge of disease
- b) Application of medicinal knowledge to disease knowledge observation
- c) Knowledge of medicine
- d) Obstacles to cure

IV BHMS Terminal Examination Internal Assessment Programme Appearing in May 2018

Date: 22/12 /2017 | **Sub: Organon** | **Time: 10.30 TO 1.30** | **Marks : 100**

Short Answers question

[10X2=20]

Q.1] Write appropriate answers (Any 10 out of 15)

- Define totality of symptoms.
- Define susceptibility.
- Difference between Drug, Medicine and Remedy.
- Advantages and disadvantages of Antipathy
- What are basic and determinative symptoms
- Define Health as per W.H.O.
- 3rd observation of Dr. Kent.
- Define Palliation.
- Role of Vital Force in health
- What is Intercurrent remedy?
- Second best Remedy.
- Law of minimum
- What is Herrings law of Cure.
- What do you mean by surrogates in Organon.

[4X5=20]

Q.2] Write short notes answers (Any 4 out of 6)

- Indications of Psora
- Second Prescription
- Criteria for potency selection.
- Contributions of Dr. Kent
- Mesmerism
- Genius Epidemicus
- Define Natures Therapeutic Law of Nature.

Q.3] Write short answers (Any 4 out of 6)

[4X5=20]

- Unprejudiced Observer
- 12th observation of Dr. Kent with inference.
- Explain Primary and Secondary with examples
- Nervous Temperament.
- Idiosyncrasy with example.
- Define LOGIC and explain Inductive logic with example

Long Answers Question

Q.4] Write in brief (Any 2 out of 4)

[2X10=20]

- Schools of philosophy as per Dr. Close
- What has Homoeopathy to offer young men? Dr Robert's view
- Scope and Limitation of Homoeopathy.
- Explain SICK as per Dr. Kent

Long Answer Question ANY ONE out of Q. No. 5, 6 and 7

[1X10=20]

Q.5] Explain in detail how Dr. Hahnemann classified diseases. Draw a proper flow chart

Q.6] Explain General Pathology according to Dr. Stuart Close.

- Theory of Chronic disease.
- Doctrine of Latency.
- Metastasis.
- Relationship of Bacteriology in Homoeopathy.

Q.7] a) What are different Aggravation? b) Compare them with Kent's observations.
c) Difference between Medicinal agg, disease agg and Homoeopathic Aggravation.
d) Mention second prescription in each Aggravation.

- Q1] Write appropriate answers (Any 10 out of 15)
- Law of minimum.
 - State Logic and its types
 - Role of Vital Force in health
 - Define maintaining cause of disease with example
 - Qualities of a good prover
 - State different auxiliary line of treatments stated by Dr Hahnemann
 - Define Drug, Medicine and Remedy
 - What are Artificial Chronic Diseases?
 - Concept of Health according to WHO
 - Define Genus Epideimicus
 - Define Basic symptom and Determinative symptom.
 - Presentation of Psora, Sycosis and Syphilis on the skin
 - Define mental disease and state the types
 - Define a Complete Symptom with one example
 - State the Therapeutic Law of Nature with the aphorism number

4 X 5 = 20

- Q2] Write short answers (Any 4 out of 6)
- Indications of PSORA
 - What is Indisposition? State with example and aphorism number
 - Suspended animation
 - Scope and limitations of Homoeopathy
 - Guidelines for potency selection
 - Define Second Prescription. State the indications of Placebo

4 X 5 = 20

- Q3] Write short answers (Any 4 out of 6)
- Differentiate between Homoeopathic agg. and Medicinal agg
 - State the Do's and Don'ts of Case Taking
 - State Kent's 12th observation with inference
 - What are Acute diseases. State the types and causative factors
 - Concept of Individualization
 - Define analysis of symptoms. Tell about Kentian analysis

SEC- B (LAQ)

2 X 10 = 20

- Q4.] Long answers (Any 2 out of 4)
- Explain Modus Oparandi of Homoeopathic cure
 - Schools of Homoeopathy according to Dr. Close
 - What has Homoeopathy to offer young man? State Roberts view
 - Guidelines regarding diet and regimen in acute and chronic diseases as per 6th edition

1 X 20 = 20

- Q5.] Long answers (Any 1 from Q5, Q6, Q7)
- Define Susceptibility, Immunity and Reaction
 - Factors modifying Susceptibility
 - Role of Susceptibility in health
 - Role of Susceptibility in disease

- Q6.] Classify diseases in details with respective to definition, aphorism number, causative factors and one example along with a diagrammatic presentation

- Q7.] Define knowledge of physician and explain in detail as per Dr. Kent

- Knowledge of disease
- Knowledge of medicine
- Application of medicinal knowledge to disease knowledge observation
- Obstacles to cure

If written anything, such type of act will be considered as an attempt to resort to unfair means.
- 3) All questions are **Compulsory**.
- 4) The number to the **right** indicates **full** marks.
- 5) Draw diagrams **wherever** necessary.
- 6) Distribution of Syllabus in Question Paper is only meant to cover entire Syllabus within the stipulated frame. The Question Paper pattern is a mere guideline.
Questions can be asked from any paper's syllabus into any question paper. As it is only for the placement sake, the distribution has been done.
- 7) Use Common answer book for **all** Section

Q.2 Write short notes (**Any four** out of Six)

[4×5=20]

- 1) Anamnesis
- 2) Organon 96
- 3) PDF
- 4) Typography
- 5) Drawbacks of Kent's Repertory
- 6) Construction of Berridge Eye Repertory.

Q.3 Write Short notes (**Any four** out of Six)

[4×5=20]

- 1) Rubric
- 2) Steps of Repertorization
- 3) ISIS /Vision Software
- 4) Construction of bells Diarrhoea
- 5) Prefix and Suffix in Kents Repertory
- 6) Techniques of Repertorization.

Section - A

MCQ

- 1) Repertory is Classified into
 - a) General Books
 - b) General Cards
 - c) Particular
 - d) All of them.
- 2) Repertory of Gentry is a _____ type of Repertory
 - a) Logico - Utilitarian
 - b) Puritan
 - c) Clinical
 - d) Card
- 3) Repertory of eyes was written by
 - a) Curie
 - b) Morgan
 - c) J.B.Bell
 - d) Berridge
- 4) In which year Berridge published his repertory of eyes?
 - a) 1854
 - b) 1873
 - c) 1874
 - d) 1879
- 5) The word repertory comes from
 - a) French
 - b) German
 - c) Greek
 - d) Latin
- 6) In which year repertory of BTPB was published?
 - a) 1846
 - b) 1836
 - c) 1856
 - d) 1830
- 7) BTPB was Published in year
 - a) 1835
 - b) 1836
 - c) 1846
 - d) 1848
- 8) Dr Hahnemann's Repertory has been kept in
 - a) Indian Museum- Calcutta
 - b) Hael's Museum Stuttgart
 - c) Museum in Paris
 - d) Museum in Dresden
