

**COVID-19 CARE and CONCERN
PAN INDIA TRAINING PROGRAMME**

Conducted by

Motiwala Homoeopathic Medical College & Hospital, Nashik

Sponsored and Organized by

National Spiritual Assembly of the Baha'i of India – [National Task Force]

(Report of the training programme conducted by Motiwala Homoeopathic Medical College)

The COVID 19 pandemic is having great infectivity, morbidity and mortality and due to this the whole human race has been under threat. As per World Health Organization in India, the current COVID-19 situation (Latest update: 6 June 2021, 7:37 pm GMT+5:30.) New cases-114 460, Confirmed cases-28 809 339, Confirmed deaths-349 229. It has created mental stress and Panic situation. A lot of burden has been experienced on health sector in second wave.

The Motiwala Homoeopathic Medical College and Hospital rendered its service since March 2020.

We started distribution of Arsenic album 30 as per recommendation of CCRH and ministry of AYUSH at hospital level in the vicinity of College. Then we have distributed this medicine in all police stations of Nashik city in three rounds with screening, counseling motivation. At this time the problem has become grave in the city of Malegaon. The most of the medical fraternity refused to work in Malegaon. In this situation the team of doctors under valuable leadership of Dr. F.F. Motiwala, Principal started distribution of the medicine. The Commissioner and the local religious leaders promoted the activity. Total population covered 530205. Thereafter the activity was started in five divisions of Nashik city with co-operation of Nashik Municipal Corporation. The team of 25 doctors of the college ASHA and Anganwadi workers have during this distribution activity in which 4,46,456 number of bottles of arsenic album 30 were supplied to the five divisional officers of NMC. Total population covered 1785825. Under Unnat Bhaart Abhiyan, medicine has been distributed in the adopted villages. Total population covered 38344 In National Service Scheme [NSS] , special winter camp the Arsenic album 30 was distributed in seven villages including Trimbakeshwar City. Total population covered 23000

The institute has served in tertiary care through its Hospital which was upgraded to 43 , all beds were provided with O₂ pipe line B PAP machines – 04 Ventilators – 03 ABG Analyzer for Pathology laboratory -

Around 1350 patients have take treatment in the college hospital. The homoeopathic medicines were given as adjuvant therapy.

Based on this experience the institute has initiated a training programme to propagate and promote Homoeopathic science for the service of human kind, this project was termed as the COVID-19 CARE and CONCERN.

In this regard following activities are initiated.

1. The National Spiritual Assembly of the Baha'is of India has set up a National four member Task Force to assist the various State Baha'i Councils /Regional Baha'i Councils, to serve the general masses in this COVID -19 Pandemic. In turn State Baha'i Councils /Regional Baha'i Councils had set up the State Task Force and in turn the State Task Force set up the Local Task Force

2. The Principal of the Motiwala homoeopathic Medical college and Hospital, Nashik has been appointed as a member of the National Task Force. In consultation with other State /Regional Task Forces it was decided to start a Basic Training Programme which has been termed as COVID-19 CARE and CONCERN

3. Basic Training - A two hours basic training programme has been designed by the Principal Dr. Motiwala and the Teachers of the various department conduct this programme Offline and on line for Pan India

4. The college also has set up a helpline of 10 cell numbers for homoeopathic remedies guidance as an adjuvant therapy and Immuno booster well as for counseling and answering of FAQs. The college has purchased the dedicated 10 SIM Cards as well as he Mobile phones to assist in the HELPLINE

5. Objectives of the Basic Training Programme
